Second Class Mail - Registration No. 1738. Deseronto, Ontario

Wednesday, May 2, 1973.

Volume III, No. 34

Mr. and Mrs. Percy Brooks, who celebrated their 50th Wedding Anniversary on April 30th, were guests of honour at a reception held for them on Friday night in the Legion Hall, Deseronto. The happy couple are shown here with Clark Rollins, MLA, and Jack Ellis MP for Hastings, who were guests at the party. For full story see page 5.
Photo by Lloyd Thompson.

Flood control assistance coming

A flood control plan will be introduced in the provincial legislature this week, James A. Taylor, MLA for Prince Edward-Lennox told members of Quinte's Isle Tourist Association Thursday.

"The Province will set aside \$50,000,000 and will fund municipalities in order to assist people who suffer damage as a result of flooding."

The plan is based on borrowing, and those suffering flood damage will be able to obtain up to \$10,000 for repairs to houses, cottages, marinas or commercial buildings, and \$150 per foot frontage for permanent protective purposes.

He said flood victims would repay the loans over a period of 20 years at a low interest rate. In order to finance the deal, municipalities will issue debentures which will be purchased by the province. People involved will repay the loans through an annual rate on their tax bills.

Mr. Taylor said the province is also planning to make available certain highways equipment to assist flood victims truck in rock and other materials for emergency protection.

Intensified fund drive for arena

The Deseronto Community Centre fund-raising committee is seeking members in the community who are willing to help to raise funds for a new arena.

The committee, under the chairmanship of Peter Morris, has raised some \$14,570.

Former residents of Deseronto contributed \$5,000 with assurance of a refund if the project did not go ahead.

Committee members fear that unless the campaign is

speeded up, refunds would have to be made in the near future.

The present committee is determined to keep the campaign going and is appealing to the community residents to assist in any way possible to keep the fund growing.

A public meeting has been called for Saturday at the arena building to plan an intensive campaign over the next few months.

Board Approves Short Year

Hastings County public school board has decided to cut the number of teaching days by 10 to 185 days in 1973-74, to give teachers time for training, planning and evaluation of students.

The ministry of education next year will allow boards to appoint up to 12 days for these purposes.

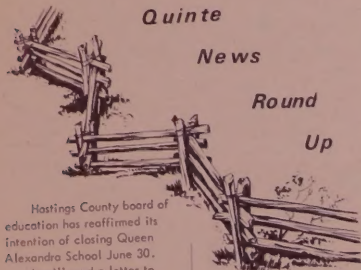

The shortened school year

applies only to elementary schools. Secondary schools have traditionally dismissed early in June. After examinations end, teachers usually have 10 days for marking and promotion meetings.

"In effect," said Mr. Runacres, of long-range ministry intentions, "the secondary school year is being lengthened and the elementary is being contracted."

Quinte News

Round Up

Hastings County board of education has reaffirmed its intention of closing Queen Alexandra School June 30.

It will send a letter to that effect to the Community Action Committee formed to fight for the school after its closure was announced in mid-February.

Trustees had expressed sympathy for parents and had given consideration to the briefs submitted by the action committee at its last meeting with trustees.

Prince Edward County is short of space for administrative purposes and proposes to ask the Province of Ontario to vacate the registry office building it's renting beside Shire Hall.

The registry office is very crowded and consideration has been given in recent years to finding it a new location.

Reeve James Bird of Picton expressed concern over the recommendation and wondered if the government might locate the service in Belleville as a move to regionalism.

Napanee District Secondary School band members have raised enough money to make an exchange trip to Prince Edward Island next month.

Band treasurer Peter Salisbury reported that the trip will cost over \$2,700 for the 50-odd band members.

The Ben Gill Cheese factory at the intersection of Highway 14 and County Road 4 will re-open about July 1.

The co-operatively-owned factory was extensively damaged by fire recently.

Damage estimates have been revised to approximately \$30,000 including the cheeses in storage that were destroyed.

Cable television will be available for every house in Napanee and the surrounding

areas of Richmond and North Fredericksburgh by the end of this week.

A potential total of 2,200 homes in the area will be receiving the service. The company, Napanee-Deseronto Cablevision Limited, was granted its licence by the Canadian Radio and Television Commission last fall after waiting nearly seven years for approval.

Frank Miller, MLA for Muskoka, parliamentary assistant to health minister Dr. Richard Potter and James Taylor, MLA for Prince Edward-Lennox recently toured Prince Edward Heights complex.

The project, launched in 1971, accommodates 236 resident patients.

Mr. Taylor said that the province purchased the 420-acre property from the federal government for \$1 million, including the houses and barracks of the former military camp.

Reconstruction and renovation costs including furnishings and equipment will amount to \$3,400,000 of which \$2,250,000 has been spent to date.

He said 364 persons are employed there. "The total number employed from the Picton area is 218 or 60 per cent. There are also casual staff," he said.

"The economic impact on the Picton area is obvious and the benefit to the business community, considerable," he noted.

Napanee minor softball officials will meet representatives from Richmond, North and South Fredericksburgh townships to draft plans for a ball field in the Napanee fairgrounds.

Editorial

Most residents of Deseronto would agree that the town is badly in need of a clean-up. Clean-up day is scheduled for May 26th, and the Lions Club is to organize the collections. At the same time there are various funds in town which are badly in need of money, such as the arena fund and the medical centre project.

We heard an idea on the radio this week, that could solve both problems. A group in Calgary recently held a

Trash-a-thon, during which local children persuaded neighbours to sponsor them on the number of bags of garbage they collected, in the same way that groups raise money by sponsoring Walk-a-thons and Skate-a-thons.

Why not try this in Deseronto? We could clean up our town and raise money for a worthwhile cause at the same time.

We think the idea is worth considering.

The committee will present a recommendation to the fair board to develop the baseball diamond at the fair grounds to replace Gibbard Park which is undergoing extensive renovations.

The annual reunion of the No. 31 Bomber and Gunnery School will be held at the Royal Canadian Legion, Picton, Friday, May 4.

Usually 40 to 50 former airmen attend the reunion.

The school operated from April, 1914 to 1944 and trained members of the Royal Air Force and commonwealth

Happenings

Deseronto

Mrs. Kay Hood
396-2119

Mrs. V. Boston returned home on Friday after spending a few days with relatives in Weston.

Mr. Albert Reed was overnight guest of his daughter Mrs. Violet Barbier and Kim in Kingston on Thursday.

Mrs. Jean Griffiths returned home from the hospital last week. So nice to have you home Jean.

Mr. and Mrs. Thomas Green of Detroit, Michigan, spent the weekend with his sister Lula and Gordon Green.

Despite the wet cool weather on Saturday, the Presbyterian Rummage Sale was a great success.

The Sunday School teachers of the Presbyterian Church met after classes to start plans on a Sunday School trip at a later date. They also talked over the "Christian Family Service", May 13th, at which the Sunday School will be taking part.

The children will be asked to bring their parents and friends to this special service.

Mr. and Mrs. Clarence Allison of Picton, were recent visitors of Mrs. Sam Geddes, also Sunday visitors were Mrs. Fred Stafford and Marilyn, of Napanee.

Mr. and Mrs. Ken McDonald of Napanee, and Mrs. Jean Griffiths were Sunday dinner guests of Mr. and Mrs. Blake Moore.

Brian Jackson of R.M.C. Kingston, was home for the weekend prior to leaving for Chilliwack, B.C. where he will spend the summer at the Forces Training Camp.

Easter visitors at the home of Mrs. C.F. Dimmell were her two sons and their wives, Mr. and Mrs. Murray Dimmell of Willowdale and Mr. and Mrs. Norman Dimmell of Ottawa and their son Peter Dimmell, and Mrs. Dimmell who had attended a convention in Vancouver and were returning to their home in Gander, Newfoundland.

Mr. and Mrs. Jack Westall celebrated their fiftieth wedding anniversary on Saturday, April 28th, at their home in Brighton.

Deseronto Ratepayers

by Mrs. Margaret Jackson

A regular meeting of the Deseronto Ratepayers was held at the Public School on Thursday last, April 26th, with Jack de Boer in the chair. Routine business was followed by a general discussion on the Arena. Several members of "Arena" committees were present and it was learned that a membership drive in the form of a letter was in the process of being mailed to the general public. It was also learned that the Fund Raising Committee is holding a meeting on May 7th at 7:30 p.m. at the Arena Building and all concerned people are urged to attend this. It was suggested that someone from the Committee might care to report back to the Ratepayers at their next meeting at the Public School on Thursday, May 10th.

Quinte Oldtimers

A good time was had by all who attended the euchre and bridge party held at Stover Hall on Tuesday, April 24th. The euchre winners were as follows:

Ladies High - Irene Gartland
Men's High - Norman Davis
Ladies 2nd High - Mrs. Norman Davis

Men's 2nd High - Leo Palmer
Ladies Low - Lillian Barker
Men's Low - Harry Gorslin
Lane Hand - Nora Fox

Bridge winners were:

High - Betty Brewer
2nd - Mary Church
Low - Nora Walker.

A very successful auction sale was then held and President Gordon Walker made a good auctioneer. After the auction sale a delicious lunch was served.

The lucky winner of the door prize - a basket of groceries - was Don Ellis.

Mohawk Women's League

The Mohawk Women's Guild was held April 17th at the Tyendinaga Community Centre. Ladies high was won by Ruby Maracle, second high - Eileen Green, consolation - Helen Spencer, door prize - Eileen Green.

Men's high - Dave Andrews, second high - Hubert Maracle, consolation - Barney Thompson.

Local Sports

BANTAM BASEBALL
by George Barker

Please, come to the ball park at the Public School, May 27, 2:00 p.m. and support our team. The first game of the 1973 schedule will be played at home against Thurlow.

A lot of time and money has been used up so we can have a ball team in Deseronto and we certainly will appreciate having as many fans as possible at the game. We are asking all the parents of the players to attend the game and give their sons the extra support they need to win ball games. The players give 100% every game but quite often the attendance of the parents and spectators give the boys the extra incentive to win. Once again, May 27th at 2:00 p.m., Public School.

DESERONTO

50th Anniversary Celebrated

Approximately a hundred guests, friends, relatives and town officials attended the reception, in honour of Mr. and Mrs. Percy Brooks, held in the Deseronto Legion Hall last Friday night.

Mr. and Mrs. Brooks celebrated 50 years of marriage on Monday, April 30th and the reception was in the nature of a double celebration because Mr. Brooks has served as a town official in various capacities for almost the same

length of time.

Guests were seated at eight tables for a roast beef dinner. The immediate family sat at the head table with the guests of honour. Rev. Robert Jones of Picton said the blessing.

During the course of the evening the couple received many presentations. Most of these were personal gifts from family and friends, but in addition there were several more official presentations. Herbert Brooks, their eldest son, gave his parents a stereo on behalf of the family, and Clark Rollins presented a

plaque from the Government of Ontario. The town officials presented a gift of table lamps purchased with money raised by individual donations. The PUC similarly presented an electric carving knife to Mr. and Mrs. Brooks.

Speeches were kept brief and to the point. Each person making a presentation said a few words, as did MP Jack Ellis.

Mr. Brooks replied on behalf of himself and his wife Lola. He was deeply touched by the whole proceedings, and had a little difficulty in expressing their gratitude.

After supper the company enjoyed a lively social evening, dancing to music provided by Mr. Bernard Johnston. Mayor James Sharpe was an able master of ceremonies and ensured that all ran smoothly.

Restoration fund near \$1,500

A fund to restore the 181-year-old Hay Bay Church is nearing the \$1,500 mark.

The objective is \$30,000 needed to restore the church to its original appearance when it was built in 1792. It is the oldest United Church in Canada and is located on the shore of Hay Bay, three miles north of Adolphstown.

The original smaller church was enlarged by one-third in 1835 to accommodate a growing congregation.

"Investigation shows virtually all of the original framing to be present and in good condition. In fact, one may say that, barring the replaced wooden cladding, we have a uniquely preserved building of the early period of Upper Canada," reports Mr. MacLennan.

"Some of the work is urgent; the untreated clap-

board siding is warping and pulling away. Other changes include restored box pews, square oval rail and high pulpit. Cedar siding with preservative will be used outside. The current plans would restore it to 1835 as it cannot be chopped back to its original size.

A color film on the church will be included in the Ontario Educational Communications Authority films shown on Quinte television in May.

In the landmarks series at 12:50 p.m. Monday, May 7, the film will show the story of a large landing of United Empire Loyalists near Hay Bay Church, first Methodist meeting house in Upper Canada.

The annual Hay Bay pilgrimage service is held the last Sunday in August and more than 3,000 tourists visit the old church annually.

Yankee Go Home!

Field and Stream, a U.S. sportsman's magazine that usually shows real concern for environmental preservation, went off the deep end in its March issue.

Writer Roger Betz praises walleye fishing in Ontario. That's fine. It encourages good fishermen to come here and try their luck, and fishermen are usually the pleasantest and neatest tourists we get in Ontario.

But Mr. Betz suggests in his article one method of creating a walleye "hotspot" that is not only undesirable and unsanitary, it's illegal.

He tells fishermen to bring a case of dog food with them and on the first day of a week long fishing trip, drop punctured cans in bunches in likely spots. By the end of the week, he claims, this will attract the small fish on which the walleye prey.

I won't comment on the effectiveness of this as a fishing method.

But I can tell you what some of the effects will be.

First, we have the bottom of a lake littered with punctured, rusting cans full of rotting dog food. As the food rots, the process of decomposition takes oxygen from the water. Enough of this type of fishing, and a lake with a limited oxygen supply can be depleted to the point where its fish die for lack of oxygen.

There are bacteria involved in this decomposition. If the dog food hot spot is close to a cottager's water intake, that cottager's drinking water is no longer safe.

Dog food is usually rich in oils - a little taste of rancid oil in water goes a long, long way. The swimmer or cottager who gets a mouthful won't forget it quickly.

As decomposition advances in a can, the methane gas generated pops it to the surface. It's a hazard to boats, water skiers and swimmers alike. And rusting cans full of rotting dog food do little for the view or for the air as they wash onto the beach.

For the past year, Environment Ontario has been working to discourage littering. I think we're getting somewhere with controlling litter.

Certainly the last thing we

need is to have a major publication print an article that actively recommends a water-polluting form of litter.

By the way, just in case the chance of improving your catch of fish is more important than the environment to you, throwing cans of any sort into a lake is illegal. Anyone caught doing it is liable to prosecution and a heavy fine upon conviction.

So don't try it yourself.

DESERONTO PUBLIC SCHOOL SUGAR BUSH

Mr. Camelford at the Deseronto School decided grade 4 class would be going to the Sugar Bush on Friday, 30 of March.

When we were there Mr. Brooks took us to the sugar shack and we saw the evaporator. Then Mr. Frink took us to the bush. He showed us how a tree is tapped. He pointed out a variety of trees such as beechnuts, elm and birch.

We had some fresh syrup that was the best thing there - for me anyway.

Dougie Wagar
Grade 4, Room 5.

One Friday, March 30th, we went to the sugar bush.

First two men named Mr. Frink and Mr. Brooks showed us around the place. Then they showed us a wooden sap pail. Later they gave us a taste of maple syrup. We got to look at the pioneer kettle for boiling sap. We had a great time that day.

Jack de Boer
Grade 4, Room 5.

Officials pick up poachers

The Napanee - Bay of Quinte area has always been a favourite spot for poachers because of the pickerel, which comes into shallow water every spring to spawn.

During that time - usually in mid-April, pickerel come right up to the shore to lay their eggs and can be picked off with ease.

During the last 15 years, the pickerel population in the Bay of Quinte area has declined drastically, there are now surprisingly few of the species left.

This may be due to a number of factors relating to deteriorating water quality and spoliation of a number of

spawning beds, but poaching hasn't helped either.

A poached female may contain anywhere up to 250,000 eggs which will never be laid.

Poaching surveillance is carried out by officers of the ministry of natural resources, with assistance during the past six years from the Provincial Police at Brighton, Picton and Napanee.

Poaching violations have dropped considerably during the past six years since the OPP stepped in to help. About 30 charges will be laid this year, which is even fewer than last year. But the pickerel run is still on, so the numbers may go up.

GOODBYE BIRDIES

(to the tune of What Child is This)

Good-bye birdies,
O' good-bye birdies,
It will be so nice to have you
next spring,
When blossoms burst and
flowers sprout and children
running about.

This, this is spring I say
So birdies come back it's nice
and gay,

When winter comes you have
to fly far away.

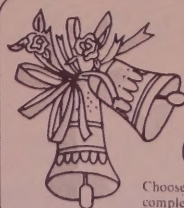

Scott Hodges

Continued from page 2

air forces under the commonwealth air training plan.

Students at Napanee District Secondary School are in the final stages of preparation for their annual formal dance scheduled for May 4.

The theme for the 1973 formal is "The Wonderful World of Disney."

A brief from Prince Edward County Council recommending one-tier form of government in the county will be dealt with at the earliest

possible moment, according to Donald Irvine, parliamentary assistant to Provincial Treasurer John White.

He doubted, however, that any action would be taken at this session due to pressure of other matters.

Speaking at the annual dinner of Quintes' Isle Tourist Association, James A. Taylor, MLA for Prince Edward-Lennox said the publicity which spread across the province as a result of Lake Ontario Cement Ltd. hauling sand to its Pictou plant from near the famed Sandbanks "unquestionably attracted large numbers of additional visitors to Prince Edward during 1972."

While many of these people came here for the first time out of curiosity, some "fell in love" with the county and will return in the future.

Brenda Burd, a Grade 11 student at Prince Edward Collegiate Institute, recently won the best actress award at the Kawartha District Drama Festival held at Cobourg. She appeared in the school's drama entry, "Loneliness - a Word by Itself", the play which received the adjudicator's special award; was written and directed by Grade 12 student Paul Samuel. Paul received honourable mention in best student director category, and honourable mentions also went to Elaine Miller (best supporting actress) and Len Creamer (best actor).

No official target date has been announced for the opening of the Prince Edward County museum, despite recent press reports.

Lewis Wight, reeve of Hillier and chairman of the property and supply committee, has informed council special plans will be made for the op-

ening but no date has been set.

Although no go-ahead for the new Prince Edward County Home has been received from the Ontario Municipal Board yet, county councillors are hopeful that it will be possible to call for tenders in mid-May.

The application is before the OMB and the final plans are before the ministry of municipal affairs.

More than 70 representatives of the 20,000-member Association of Iroquois and Allied Indians attended a conference at Oneida Reserve to discuss pros and cons of Indian police forces on reserves. Included among the delegates were Carl D. Brant of the Tyendinaga Reserve, President of the AIAI, Keith Lickers of Six Nations Reserve, Richard Isaac, Chief of Six Nations, Ward LaForme, AIAI board member from Mississauga Reserve, Winston Williams, special supernumerary constable from the Walpole Reserve, Chief Earl Hill of the Tyendinaga Reserve, Syd Henhawk, councillor for Six Nations, Chief Don Isaac of Walpole Island, and Constable William Brant, an Indian Officer on the Curve Lake Reserve near Peterborough which is not a member of the AIAI.

A new plant, expected to employ 34 people in its first year of operations and 80 within five years, will locate in Belleville assisted by an Ontario Development Corporation loan.

Industry and Tourism Minister Claude F. Bennett has announced that Standard Paper Box Ltd., headquartered in Montreal, will use a \$500,000 performance loan toward the cost of building and equipping a 64,000 square foot plant expected to cost almost \$1½ million.

The seventy year old company which now operates from four locations in the Province of Quebec, manufactures corrugated containers and paperboard boxes. Expansion into Ontario is expected to bring improved services to customers in the eastern part of the Province.

Gardening

Once perennials are established, they generally require little care. However, at least minimal care is needed for the plants to remain healthy and to bloom for many years. Early spring is the best time to groom your perennial beds.

As soon as the frost is out of the ground, inspect your perennials, especially those plants that were set out last fall. Press plants back into the soil if they have heaved due to the frost. Early attention will help prevent losses because of exposed roots.

If the soil is depleted and the perennial bed overrun with weeds, it is best to remove all the roots and replenish the soil. Dig deeply and work in manure, peatmoss, or leafmold. The organic matter will improve the condition of the soil. Heavy soils can be improved by adding sandy loam; adding clay loam to light soils will give them a better structure.

After many years of growth, some perennial roots may be too large to produce the best plants. These roots should be divided and the center portion of each root discarded. The newer roots will produce bigger and better blooms.

The size of perennials is also an important factor to consider when replanting. Tall-growing plants should generally be planted in the background, with small and medium varieties in front. However, don't follow this rule too closely or the perennial bed will become too 'set' in design. For a more natural effect, move some of the taller varieties closer to the middle of the bed and medium-growing plants near the front.

Color is an important consideration in any perennial border. Try to locate plants so that lighter colors blend with darker hues.

Perennial borders require frequent shallow cultivation throughout the growing season to keep down weeds. Dig up perennial weeds such as dandelions and destroy them.

A little care now helps to ensure that perennials will bloom for many years to come.

TITLE: Do You Want to Live
Forever?

Every normal human being
dislikes the thought of dying.

but does like to believe in
living forever. Though one
may not live here forever, one
may possess ETERNAL LIFE.

Then, just what is Eternal
Life. Well, by looking to the
Bible, one can see that Eternal
Life is spiritual life. This
is imparted by God, enabling
the recipient to know God
ever increasingly day by day,
on this earth and throughout
the ages of eternity in Heaven.

The Bible says "And this
is life eternal, that they might
know Thee the only True God,
and Jesus Christ, whom Thou
hast sent." JOHN 17:3.

You may ask, how this
Eternal Life may be obtained.
Just acknowledge that Eternal
Life is the gift of God and
becomes the possession of ev-
eryone who receives the Lord
Jesus Christ as his personal
Saviour. That is, truly relies
upon Him (Jesus Christ) to
save and cleanse his soul from
Sin.

The Bible says "The gift
of God is Eternal Life through
Jesus Christ our Lord".
ROMANS 6:23

"Whosoever believeth in
Him should not perish, but
have eternal life." JOHN

3:15.

Won't you accept the
Lord Jesus Christ as your per-
sonal Saviour and rely on Him
alone to save your soul and
give to you Eternal Life?

Get pollution off your chest.

Ontario is a fast-growing province—
more people, more vehicles, more factories,
more machines every day.

With that growth comes the threat
of damage to our environment. Pollution of
all kinds. The Ministry of the Environment is
Ontario's guardian of our air and land and
water.

Here's who we are and what we do:

- Air Pollution.**
1. We monitor the air for pollution
and order corrections if unacceptable levels
occur.
 2. We track down strange odours in
the air and many things you can't smell and
eliminate them if they are dangerous.
 3. We investigate suspected air
pollution injury to people or property.
 4. We are responsible for noise
pollution and are creating enforceable noise
control measures.
- Land Pollution.**
1. We deal with all the leftovers of
our affluent society—the industrial waste, pro-
cessed organic wastes, and ordinary garbage.

Volume III - No. 35.

50th Anniversary

Mr. and Mrs. Jack Westall celebrated their 50th Anniversary on Saturday, April 28th, 1973. For full story see page 6.

Blossom Festival May 20

Prince Edward County will celebrate the annual Quinte Apple Blossom Festival this month.

The festival will open for its eighth year with a church service on Sunday, May 20 at Albion United Church on Rednersville Road. Farm wagons will draw visitors through Bonter's Bayview Orchards strutting blossom time.

On Wednesday, May 23, a variety show will be presented

at Pinecrest Memorial school, Bloomfield. Contestants for the title of Quinte Blossom Queen will compete in preliminary appearances.

The Apple Blossom Ball, one of the festival's most colorful events, will be held at Kente school, Ameliasburgh on Friday, May 25. The festival queen will receive her crown from last year's pageant winner, Janet Wetherall, of Ameliasburgh.

Youth want Arena action

A delegation of young people, who were concerned with the lack of progress on the arena question appeared before Deseronto council on Monday night. Councillor Dickinson was taken to task for not getting on with the job and Reeve Lyons was asked why he was against the arena. Reeve Lyons said he was not, and never was against Deseronto having an arena except for the fact that he knows that in other places they are run with a deficit each year and the taxpayers are the ones who have to foot the bill. He does not feel that ratepayers concerned with cost of sewers would be willing to shoulder this burden. The Mayor thought that the Deseronto taxpayers should be willing to pick up any deficit incurred. The main needs arising out of the discussion appeared to be good leadership, definite plans and money. The delegation was advised that it would be best for the young people to band together, organize themselves, get a leader, work for what they want and council would support them.

Mr. Jack Layfield was

able to assure those concerned about moneys already donated that there is no stipulation concerning the date money has to be returned. If the arena is not built the money certainly has to be refunded, and as 3 years have already passed, some definite move is needed to be made. He felt that the young people present were being too critical of others and that they probably do not understand all that is involved these days in getting such a project started. He also stressed the need for a good campaign chairman and committee and cited the case of the Centennial Park project as an example when everyone pitched in to help, once leadership was given.

After the delegation left council discussed ownership of the land adjacent to the arena and resulted in carrying the following motion: "that the Town Clerk be authorized to have our solicitor supply us with a legal certificate to prove ownership of the westerly 30 feet of Lot 24, Block D, Deseronto."

Bigger library grant

Clarke T. Rollins, MPP for Hastings, has announced that the honourable Jack McNie, minister of colleges and universities, has increased provincial grants to libraries by 58.5 percent.

The increase is intended to help promote the highest quality of library service throughout the province.

Deseronto library has received an increase of 49.9 percent over last year's grant. For 1972-73 the grant was \$1,612, for 1973-74 the provincial grant will be \$2,417.

Sewer Rates to be Revised

Deseronto Town Council received a letter from the Minister of the Environment re the Prov. Sewer Works Program advising town council that rates are being revised and that variables will now be determined some time before Dec. 31st, 1973. Information will be available for council's consideration in about 4 weeks time which will enable council to consider reductions sooner than December of this year.

This letter also criticized Mr. Art Hunter of the PUC for having disclosed confidential information to the general

public. The Mayor said he did not want to hear any criticism from Council of Mr. Hunter (who was present) as what he did was in good faith. Art Hunter replied to allegations of letter saying that in the first place he did not phone the gentleman in question (a Mr. Hogarth). Mr. Hogarth phoned him and at no time did he (A.H.) mention PUC or anything else, just that he was Art Hunter, a citizen of Deseronto and the word confidential was not mentioned in relation to the information given him. He made note of the fact that when both he and

Mr. Hogarth were present in council chambers no such charges were made.

Mayor Sharpe stated that he blamed the Minister of Environment for all that happened as no information should have been given to anyone before being confirmed in writing to council. The letter was placed on active file.

Also placed on active file was a letter concerning the Provincial Water Works program. A revised proposal of cost estimates will be submitted to council in 6 to 8 weeks time.

THE SEA

The wonderful sea is a beautiful place,

Where starfish and sea-shells are found,

And all of the people that come to the sea

Admire the beautiful sound.

Roger Hill
Grade 4, Room 5.

Metcalfes want good road

Metcalfe's Food Limited have again complained to council about the lack of action with regard to the condition of the lower part of Mill Street. There was much discussion and difference of opinion as to how this matter should be handled. The Mayor thought it was a deplorable situation and something should be done - no piecemeal job - "we should do it right". Reeve Lyons said he has been informed by the County Engineer that changes are to be made to the plan for the County Road. An extensive program from St. George St. West to the town limits is expected to be started this year in the very

near future. Both the Mayor and Deputy-Reeve felt that such a large industry and taxpayer should receive special consideration. Councillman Neal disagreed; he feels that no more consideration is warranted than for any other taxpayer. Mr. Donald Reid, owner of the heavy trucks leased by Metcalfe Foods was present to speak on behalf of Metcalfes. He stated that the road was not fit to drive on, was not asking for a paved road at this time but just something decent enough to drive on safely. He commented there is not much sense to a company paying 20,000 dollars a year taxes and not being able to transport his

products away. The end result of all this conversation was that motions were carried to turn the matter over to the streets committee for action and that a letter be sent to Metcalfe's advising them of what is planned for Mill St.

HOUSE OF FULLER

REPRESENTATIVE:

BRYCE MOORE

388-2811

R. R. 6, NAPANEE ONTARIO

50th Anniversary Celebrated

June Thompson - 396-3320.

In honour of our parents, Mr. and Mrs. Jack Westall (formerly Mildred McAfee) married at Cook's United Church, Toronto, April 30th, 1923. They were so happy and surprised when they learned all arrangements had been made to celebrate "their special day" on Saturday, April 28th, 1973...a joined effort by their only son Jack Westall, Jr., his wife Alma, and only daughter June Thompson. Family and friends, new and old, from near and far re-united at mum and dad's home, R.R. 4, Brighton, to wish them well and bless them on half a century of marriage. Mr. and Mrs. Westall's only grandchild, Debbie, attended with her fiancé Howard. They chose this occasion to officially announce their wedding day this October, 1973.

At this time corsages were exchanged, gold mums and boutonniere to grandparents, and white and pink corsage and boutonniere to Debbie and Howard. The large anniversary cake conveyed the message "Blessings from All" and held a large bride and groom, and a small bride and groom, in remembrance of all four on this added announce-

ment. A beautiful evergreen was dug from the Westall Jr. property, potted and lightly sprayed in gold and presented to mom and dad from Jack and Alma. This was to be a planting ceremony on the Westall Sr. property, but the weather did not permit this. It remained another touch of beauty inside and became a card and money tree. Hopefully, it will be planted Mother's Day. Mother and dad received everyone in a gaily decorated room of gold and white streamers and pink bells...they were truly King and Queen for the day. The first of many lovely floral arrangements was received from the Brighton Community, of large potted gold mums, all giving a touch of spring throughout their home. Aside from over 85 guests attending, cards, gifts, and phone calls, were received from many points of Canada and the United States. Food of every description was displayed buffet style and met with everyone's approval.

Old memories were brought to light in conversation, bringing that beautiful sound of laughter from all. What would a get-together be without an old fashioned sing

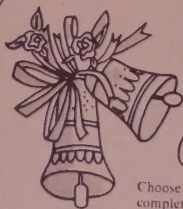

song? This was an enjoyable part when our Uncle John took over as master of ceremonies and was just great. Music and dancing ended the fulfilled day. Family and friends unable to attend because of illness and distance of travelling, were very much missed, and all drank a toast to them in their absence.

To our parents we wish continued happiness and God's Blessings. To all that made this such a successful and unforgettable anniversary, we say thank you and may God also give His blessings to each and every one.

and a discotheque.

Charges are pending against five Napanee men found in the company of underage girls in the establishment.

Results of the 1973 wage negotiations with the Napanee police association will be revealed this week.

The agreement was reached in only three bargaining sessions with the police; it was the first time the police committee and local police association have agreed so easily and quickly on the contract.

The New Democratic Party won a student election at Prince Edward Collegiate Institute by a narrow margin.

The NDP was victorious with a total of 297 votes, earning 20 of the 50 open seats. Party leader is Stephen Good-murphy, a grade 13 pupil at PECL.

Part of the NDP's platform was a proposal to raise the minimum wage to \$2.25 an hour and to nationalize Canadian energy reserves.

U.C.W.

The afternoon unit of the U.C.W. held their meeting at the residence of Mrs. Stan Moon, on Wednesday, May 2. The leader, Mrs. Moon opened the meeting with prayer. Mrs. Fern Cole read scripture. The theme of the devotional was "Our Father's Garden." Several of the members gave readings about flowers and what they represented. The June meeting was discussed; Father Van Der Heijden will be the speaker at this meeting. A rummage sale is planned for May 11th, Friday evening and May 12th, Saturday at the vacant store near Korten's. A contest was enjoyed, Mrs. Fern Cole was the winner.

Lunch was served.

Mohawk Women's League

At the Mohawk Women's Guild Euchre card party held May 1st at Tyendinaga Reserve Community Centre the winners

Ladies 1st - Helen Spencer
2nd - Elsie Andrews
Consolation - Myrtle Brant
Men's 1st - Roy Barberstock
2nd - Con Maracle
Consolation - Art Hill
Lone Hand - Roy Barberstock
Door Prize - Florrie Sager
Lucky Draws - Mr. and Mrs. Andrews

Next card party May 15th at 8:00 p.m.

Tyendinaga

The Tyendinaga Senior Citizens held their monthly meeting; after regular business discussion, plans were made for a bazaar and tea to be held at the Community Hall on the Reserve on May 19th.

A beautiful quilt was made and donated by May Leween and daughter Mildred Brant; a quilt top by Dorothy Fraser; also a pair of lovely pillow cases and towels by Ellen Green. A donation of money by Mary Brant.

Gardening

CARE OF NURSERY STOCK

Plants, especially those in a dormant state, require special care while they are out of the ground. The most important requirement is moisture.

In most cases, plants purchased at a garden center present no problems. They are usually in good condition and if planted immediately should not dry out.

Plants received by express or mail, however, can sometimes arrive in a very dry condition. Nursery stock brought this way should be examined carefully. If the roots are moist, the plant should be stored in a cool location such as the basement or garage until you are ready to plant.

If the roots are dry, put the plant in a pail or tub of water for about 24 hours. This will allow the roots to regain the moisture lost during transit.

Ideally, nursery stocks should be planted as soon as they are received. If this is not possible, keep them moist and in a cool location. However, if planting has to be delayed for an extended period, bury the plants in the garden until their permanent location is ready.

What Council Did

Mrs. Margaret Jackson

At the regular meeting of Deseronto Town Council, May 7th, 1973, council:

- * received a copy of a letter to PUC from the Minister of the Environment re the town of Deseronto Water Supply System, advising that 9 samples taken recently tested so badly that it is necessary to

continue with the boil water order. It was recommended that the following be undertaken.

1. Maintain minimum Chlorine Residue? to 2 point?
2. Initiate intensive flushing program.
3. Increase samples taken to 5 a week from extremities of town and one raw and one treated sample from pump-house.

Council passed a motion requesting the PUC committee to put into effect immediately the 3 parts set out in letter and that they advise the Minister of the Environment accordingly.

- * heard from Canada Week Committee that June 25th to July 1st has been designated as Canada Week. Council is asked to invite all town clubs, groups, businessmen, etc. to prepare activities suitable for the occasion and to inform the committee of such plans. The matter was turned over to Councillor Whalen for his attention and action.

- * received a letter from Mr. Stan Marek addressed to the property chairman complaining that Water Street encroaches on his property and of the unsightliness of the nearby quarry. He also advised of a wish to purchase a further

Letters to the Editor

Due to unforeseen confusion that was established by some citizens in this TOWN, the Deseronto Community Centre Fund Raising Committee's meeting called for Monday May 7th, 1973 at 7:30 p.m. at the Arena Building was not held.

Some 100 letters were sent out with membership cards attached. Only 4 interested people showed up at the Arena building. Due to wrong information given by reporters and published in several newspapers, and a local group telling them to go to another

meeting on the same night, we feel this committee will be forced to return monies already received by donations, as this project seems to be failing its objective.

If an Arena is to be built in Deseronto, ALL citizens must co-operate and work together, if their children are to have a place to skate, play hockey and a Community Hall for other activities.

Watch local newspaper for date of next meeting.
DESERONTO COMMUNITY
CENTRE FUND RAISING
COMMITTEE

half lot; the north half of lot 26, Block B, Water Street.

This sparked off much discussion. The Mayor stated that the road had been moved on an earlier occasion after a complaint from Mr. Marek, and now he wants it done again. Mr. Whalen, property chairman, stated that he has looked into the matter - that Mr. Marek has had a survey made and the stakes are in the centre of the road. As for the unsightly quarry the Lions Club expect to use most of the fill for the Medical Centre and will clean up the area afterwards. Regarding Mr. Marek's desire to purchase the north half of lot 26, the Mayor stated that this property has already cost the town \$400 in legal fees, that there is still an unsettled question of ownership and he is not inclined to sell any land in that area until the matter is settled. A motion was carried to advise Mr. Marek accordingly.

- * heard that according to Canada Land Survey Records of Jan. 20, 1961, the easterly boundary of Tyendinaga Reserve is the easterly limits of West Street. Reeve Lyons commented that a \$1500 grant had been given for tree cutting and yards of fill had been put in West Street because the town believed it was theirs. Deputy-Reeve Brooks informed council that he knew of a map showing the original road allowance for West Street marked and printed as West Street, Deseronto. The letter was placed on active file.

- * received a request from the Deseronto Firemen for a donation of \$75 to assist in the operation of a Soap Box Derby on Saturday, June 30th.

Ralph Lawlor was present and informed council that this was to be held on Centre St. from the highway down. This event will be open for young people 14 years and under and it is hoped that this will be an annual event and will be run in conjunction with the Lions Club Jamboree. The letter was turned over to the Finance Committee for action.

An extra expenditure of \$228 for oil for Deseronto's roads greatly upset the Mayor Jim Shorpe. He stressed the fact that no committee chairman (in this case streets committee chairman Jim McVicker) should make an expenditure without first obtaining authorization from the town council. Councillor McVicker, being absent due to hospitalization was therefore unable to defend his action, but it was generally felt that there was a simple explanation, such as a probable underestimation of the quantity of oil needed to treat all roads and that it was certainly better to have the job completed than left partially done.

- * heard a report from the Recreation Committee. Baseball was the subject of last Saturday's meeting and someone is needed to look after baseball in a general way. At present there have been no volunteers for the job and it is felt that it is up to citizens of the town to show their interest by offering their services.

- * were advised by Councillor Gordanier that Police Week commences on Sunday May 13th and Monday May 14th, and that the local police office will be open to the public during the hours of 2 - 5 p.m. and 7 - 9 p.m.

Quinte News Round Up

Little damage resulted from a fire at the Emerson Electric Plant Ltd. north of Napanee last week.

Fire Chief F.W. (Pat) Patton said the fire originated in a ventilator fan at the roof level.

One of Canada's outstanding historians, Prof. J.M.S. Careless, was the guest speaker at the Lennox and Addington Historical Society's annual meeting held Saturday in Napanee.

Dr. Careless, biographer of George Brown, chose to speak on the social background of confederation.

The Pictou recreation and parks committee will carry out summer playground programs this year at Queen Elizabeth Public School, Bloomfield, Sophiasburgh Public School and at North Marysburg Public School.

The programs will run from July 2 to Aug. 17, Monday through Friday inclusive, 9:30 a.m. to 3:30 p.m.

Trained playground leaders will organize the programs for the children.

Quinte area naturalist Terry Sprague said high water has not had any adverse effects on wildlife to date, although some ducks may be forced to nest inland. He said these birds need high ground for nesting.

Mr. Sprague said that birds relying on rushes to support their nests would have no difficulties this year.

About 15 children on a school bus from Pictou to Bloomfield became sick after carbon monoxide from a faulty exhaust system entered the bus.

The ministry of transportation and communications are sending an inspector from Peterborough to inspect the McGinnis Coach Lines Bus.

Authorities at Pinecrest

Memorial Public School contacted a doctor after some of the children became nauseated after leaving the bus.

The children affected by the fumes recovered satisfactorily, and their parents were called to take them home.

The appointment of two new principals was announced by Prince Edward County Board of Education.

Keith Barnett of Wellington will become principal of Wellington Consolidated School succeeding retiring principal C.M.L. Snider.

Wayne Lindsay of R.R. 2, Pictou will be the new principal of Sophiasburgh Central School. He succeeds principal Arthur Jackson, who is retiring.

The road leading to Sandbanks Provincial Park will be closed because of flooding in the parking area.

Parks Superintendent Robert Davison said the road would be closed to traffic shortly. Outlet Park still has problems with high water. Change houses were moved from the beach last month; life guard towers also were removed.

Gordon Hill, president of the Ontario Federation of Agriculture told Pictou Rotarians the consumer should realize the farmer's need to be on a par with other segments of society.

Mr. Hill said the farmer must set a fair price for his produce and meet his obligations to his family just as his urban neighbor does.

Farmers stimulate more than 42 percent of the gross national product and buy \$3.7 billion in goods in one year. They also provide one-third of the country's labor force.

A preschool program for mentally retarded youngsters is being planned in Prince Edward and a survey to determine possible attendance figures is under way.

Phyllis Sibthorpe, a member of the Prince Edward Association for the Mentally Retarded explained that she is licensed to operate the proposed nursery school.

Licensed nursery schools for the retarded receive 80 percent financial assistance from the government and the cost of equipment, transportation and furnishings is covered.

The Bishop's license to practise as lay reader was presented to Mr. Jeremy Vincent by Rev. Frank Bell during the regular Sunday Service at St. Mark's Anglican Church. Mr. Vincent has been of great assistance in helping with services during the recent lengthy illness of Rev. Bell and was much appreciated by the congregation.

The bridges over the Trent and Murray Canals will be in operation this year commencing May 11 and will continue until and including Oct. 12 at 5 p.m.

Thirteen Napanee properties are listed in a tax sale to be held in the council chambers of the Town Hall on the market square at 10 a.m. Wednesday.

Listed in the sale is the former federal post office at John and Bridge streets. Toronto Businessman Reuben Cappe, owner of the building,

Mrs. Kay Hood
396-2119

Mr. and Mrs. Mervin Sherman have returned from a month's vacation in Las Vegas, Nevada. While in Las Vegas, they stayed at Mr. Sherman's sister's, Mrs. Ivan Barrager. At the Stardust they saw the Irish Band and at the Plaza, "The Sound of Music" live.

They also met Mrs. Betty Brant and Mrs. Nora Tinney in Las Vegas, two of our Deseronto 10-pin bowlers who bowled at the Showboat Lanes.

While in Las Vegas, Mr. and Mrs. Sherman, Mrs. Betty Brant and Mrs. Nora Tinney motored to Hoover Dam and took in the tour. They

arrived back in Toronto on United Airlines on Wed. May 2nd. Bob Sherman and Alex Lovature motored to Toronto International Airport to meet their flight.

Mr. and Mrs. Russell Forbes of Trenton were Sunday dinner guests of Mr. Forbes' sister, Mrs. Jean Griffiths.

On Sunday evening, Mr. and Mrs. Russell Forbes, Mrs. Jean Griffiths and Mrs. Mabel Moore, attended a surprise combined Anniversary and birthday party in Napanee, at the home of their sister, Mrs. Marie Watson. The anniversaries were two of Mrs. Watson's children, and the birthday, her sister Jean. Many lovely gifts were exchanged and a very enjoyable time was had by all.

Mr. and Mrs. Paul Sevcik of St. Hubert, Quebec, spent a few days with Mrs. Sevcik's parents, Mr. and Mrs. Don MacMillan.

The Guides and Brownies cookie sale on Saturday was a great success. They could have sold a lot more than they had.

Mr. and Mrs. Jack Moon and family, of Montreal, were in town visiting their parents.

On Sunday their baby was christened in Napanee.

"Clean-up" day by the Lions Club is Saturday, May 26th. Volunteer helpers are needed and anyone with a truck who could donate their time.

Guides, Brownies, Scouts and Cubs, Church parade is at St. Mark's Anglican Church on Sunday.

Dr. Jean Loews, Hank and Francis of Toronto were Sunday evening guests of Mrs. Lottie Anderson.

Mr. and Mrs. Bayne Hall of Ottawa spent Saturday with Mrs. Hall's mother, Mrs. Albert Walker and Mr. Walker.

Sunday is "Christian Family Sunday" at the Church of the Redeemer. There will be no Sunday school, but the children will come with their parents and friends to the 2 p.m. service. Rev. Robert Jones announced starting May 20th church service will be at 9 a.m., Sunday School 10:30 a.m.

Empey Hill

Mrs. Ruby Tucker
388-2216

Mr. and Mrs. Harold Winter called on Mrs. Delbert Harvey Saturday evening.

U.C.W. met Tuesday evening at the church with a good attendance. Mrs. Ralph Dale, Napanee showed slides and gave a very interesting talk on a visit she and her husband had to India not long ago.

We extend sympathy to the relatives of the late Miss Agnes Kimmerly who passed away last week. Her funeral was Friday afternoon at Tierney Funeral Home, Napanee.

Mr. and Mrs. Earl Kimmerly, Syracuse, N.Y. spent a few days last week visiting relatives in Napanee and vicinity and were Sunday visitors at the Tucker home.

Wray Harvey, Toronto, was home for a few days last week.

Cards Of Thanks

CARD OF THANKS

It gives us both great pleasure to thank the relatives and many friends that attended our 50th Wedding Anniversary party on April 27th.

The presence of Mr. and Mrs. Jack Ellis and Mr. and Mrs. Clarke Rollins out Federal and Provincial members was indeed a surprise and an unexpected pleasure.

We wish to thank members of council and office staff, the management and employees of the PUC for their attendance, and the beautiful gifts received from them.

A very special thanks to our sons and daughters and members of the family, for the efforts they had to put forth to make this occasion something we will remember and cherish for the rest of our lives.

Lola and Percy
Brooks

CARD OF THANKS

The family of the late Marie Smith wish to express sincere thanks to neighbours, friends and relatives for their many acts of kindness, for floral tributes and cards. We would also like to express sincere thanks to Father Van der Heijden.

Police Week Open House

Deseronto's Chief of Police, Carl Beattie, shows the official police bicycle used by Art Hill who was Chief of Police here in 1947.

More than three hundred people have passed through the doors of Deseronto Police Station

during the past four days. This sudden increase is not due to an outbreak of lawlessness, but to the fact that the local police were participating in "Police Week" activities.

The station has been open to the public since Sunday, and many local groups have come along to see what goes on in the normally inaccessible areas of the station. The cubs, brownies, firemen, Lions Club and parties from the public school took advantage of the open house to see the police force at work.

Many interesting items were on display, including a list of all Deseronto's police chiefs, a display of police badges, the radar speed trap equipment, the fingerprinting system, do's and don'ts for bicycle riders, and the original, official police bike, used by Art Hill in 1947.

Many residents of Deseronto saw inside the overnight lock-up cells for the first time. Like the staff of the Scanner Office, they were probably not impressed with the standard of comfort available to offenders!

Gord Cole was not impressed by the standard of comfort available to offenders in the overnight lock-up cells.

Open house ends on Thursday, May 17th. So far there has been a very good attendance and Police Chief Carl Beattie was very pleased that the efforts of his three man force to reach the public were so successful.

Deseronto awarded two grants

Two opportunities for youth programs have been approved for the Deseronto area.

Three students, Wendy Anderson of Napanee and Gordon Kimmitt and Barbara Kimmitt of Deseronto have a \$2,885 grant approved for project WATCH (We Are Teaching Children How.)

A recreation program, project WATCH, is designed to enhance the children of Deseronto's appreciation of their own environment.

Three Deseronto teenagers Douglas Green, David Marack and Penny Brant have a project entitled Camp Bay Gen'te approved and this will receive funding of \$4,680.

The members of this project have planned a program that will involve all factions of the Tyendinaga Indian Reserve community in an effort to provide recreation for approximately 64 children.

Financial support has also been received from the Mohawk recreational committee, the Mohawk ladies' guild and from a private individual.

This Sunday is Mohawk Sunday

The annual ceremony re-enacting the landing of the Mohawks will be held on Sunday May 20th on the Tyendinaga Reserve, Bayshore Road. The ceremony commemorates the return of the Mohawks to this area in 1784, to make their permanent home here. The ceremony will take place at 9 a.m. An outdoor service will be held at the cairn after which the congregation will move to Christ Church. The guest speaker will be the Most Reverend E.W. Scott.

Several other functions will mark this weekend as a special occasion on the reserve. The Tyendinaga Senior Citizens will be holding a Tea and Bazaar in the council house

on the Reserve on Saturday.

A new event will be a display by the Native Arts and Crafts Association. Many Indian crafts, including articles made in Tyendinaga will be on display and for sale in the Council House on both Saturday and Sunday from 11 a.m. to 7 p.m. Lunch will be available on both days.

Our local Mohawks, as hosts, are anxious that the Arts and Crafts display should be a success.

A warm welcome is extended to everyone, and many new visitors will discover for the first time what others have known for years, that everyone can be certain of this warm welcome at all of the Tyendinaga Mohawk's colorful functions.

pollution control

No Canadians interested

A Queen's University professor has invented a separating device which can remove particles in municipal water in one minute. The process now takes four hours with present settling tanks used in primary sewage treatment.

Uses for the device reach into industry - both to purify water from polluting particles and to reclaim some reusable elements lost in manufacture.

For example, tests done in Ottawa by the Pulp and Paper Research Association in paper mills showed 98 per cent efficiency in particle removal, said Dr. Broadway.

Dr. Broadway said at present primary sewage treatment is 45 to 75 per cent efficient for particle removal. His machine could increase this to a possible 90 per cent efficiency.

The patent for the Vortex Clarifier, an invention of Queen's associate professor of civil engineering J.D. Broadway, has been licensed to Bird Machinery of South Walpole, Mass.

He said he and Queen's University had put an emphasis on finding a Canadian buyer but there were no offers from Canadian firms. The licence covers North America and 25 countries.

Quinte News

Round Up

Members of the Ontario Public School Men's Teachers' Federation, Prince Edward District, feel Prince Edward County Board of Education should allow elementary teachers 10 days for professional purposes during a school year instead of five.

The board decided not to change their recent decision to reduce the secondary school number of days free from teaching from 12 to 10 and to grant five days to the public school teachers.

E.S. (Ed) Rae, a provincial police officer has succeeded William Kelleher, also a provincial police officer as president of the Kinsmen Club of Picton.

Nominated for Kinsmen of the year were James King, Ronald Cooney and Ronald MacDonald. The award will be presented at a ladies night on June 30.

Taxes will go down in 1973 in Napanee.

The new budget, introduced by Town Council at its regular monthly meeting provides an overall decrease of 5.94 mills.

The effect of the lowered mill rate on residential properties will be to lower the tax by 6.94 per \$1,000 of the assessed value.

The overall budget is higher than the 1972 figure, but only by \$324.

Increased provincial grants, higher assessment revenues and a change in the financial arrangements between the municipality and Bell Canada are the chief reasons for the lowered mill rate, according to Town Clerk Carson Graham.

Napanee Town Council ended a long discussion by a stalemate tie vote on whether Napanee should hire an extra police constable and raise the force from seven to eight.

Led by Councillor Cecil Baker, certain members of the council felt the police force in Napanee was no longer large enough to cope with the problems.

The establishment in the Napanee force is six constables and one chief. The chief, J.J. Paquette is largely occupied with administrative duties and is unable to spend much time on patrol.

The increase and extension of grants to local municipalities means Picton taxpayers will have a slight reduction in mill rates this year.

Monday evening council set the rates at 28.09 mills on the dollar for public school supporters on residential property, and at 27.41 mills for separate school supporters on residential property.

Public school commercial and business assessment levies were set at 31.40 mills and separate school commercial and business assessment at 30.64 mills.

Picton Town Council has decided that taxis in the Town of Picton will be without a main street stand as of Jan. 1, 1974.

It was suggested by some that consideration be given to allocating the drivers space at the former Mary Street school lot, but other councillors felt people requiring taxis could easily telephone and the cars would be sent wherever necessary by radio.

The Ontario Provincial Police hope that this year's boating season is not a repeat of the 1972 season.

Over 120 people died in pleasure boat accidents in Ontario last year, the worst record since 1964.

The Ontario Safety League heartily endorses a statement made by boating writer James Perrin, in which he points out that "You cannot buy a good lifejacket for the price of the Canadian boating course."

Mr. Perrin said "the only way to stop foolish death toll is to have every boater educated in how to operate his craft safely in all conditions."

The Canadian boating course is available from the Canadian Boating Federation, 67 Yonge Street, Suite 621, Toronto, Ontario.

A development of the Pitt street and York street areas of Picton was proposed before Town Council last week.

Council decided to hold a special committee-of-the-whole session with the town's consulting engineers, the investment company's engineers, and representatives of the Picton Utilities Commission present before proceeding further.

The Town of Picton, with the two townships of Hallowell, Athol and North Marysburgh have a two-year agreement to provide fire protection for Prince Edward Heights Complex but the ministry of government services wants to change the agreement.

The ministry request that Clause 10 of the agreement

stating that the Crown provide a fire brigade and fire-fighting equipment and that this be used in emergency situations in town be deleted.

At present the complex has a fire truck but no fire brigade personnel.

Town solicitor Jack Ward said the agreement was a four-way one and all parties

medals, one 1st, one 2nd, and three 3rd certificates.

Mr. and Mrs. Jack Lapointe and children attended the funeral last week of Mrs. Lapointe's brother-in-law, in Albany, N.Y.

Mrs. Wm. Pratt of Toronto spent Mother's Day weekend with Mrs. Sam Geddes.

Mrs. Ula Harvey left for Victoria, British Columbia to visit her son for a few weeks.

"Christian Family Day" service was held at the Church of the Redeemer on Sunday, May 13th at 2 p.m. The Sunday School teachers and the children took part in the service. Mrs. Shirley House and Mrs. Kay Hood read the scriptures; Mrs. Mabel Moore and Mrs. Jean Griffiths sang a duet called "Faith of our Mothers", and Mrs. Dorothy McCullough told a lovely children's story. During the service, Rev. Robt. Jones baptized Tania Nadine Huggins, baby daughter of Mr. and Mrs. Jack Huggins (nee Fox). Rev. Jones gave a wonderful sermon pertaining to mother's and family life. While the offering was being received, the children sang "When Mothers of Salem." Near the close of the service the children pres-

ented all the mothers there with a pink "velvet" rosebud.

Mr. and Mrs. Roger McDonald and children of Toronto spent the weekend with Mr. McDonald's mother, Mrs. Blake Moore and Mr. Moore.

Mr. and Mrs. F. McKnight of Kingston were guests of her parents Mr. and Mrs. A.J. Brim for Mother's Day.

Public School Advisory Committee meeting will be on Tuesday May 22nd at 9:30 a.m. Anyone is welcome to come even if they do not have school age children.

The W.M.S. and Ladies Aid of the Presbyterian Church was held on Thursday evening, May 10th at the home of Mrs. Don MacMillan, with eight members present. The meeting was opened with the singing of the hymn "Take My Life and Let It Be", with Mrs. Eric Quirk leading in prayer. Scripture was read by Miss Gladys Pearson. Mrs. Dorothy McCullough gave an interesting reading from the Glad Tidings on the 75th Jubilee Celebrations held in Amkuth, India, at which the Moderator of the Presbyterian Church in Canada, Dr. M.V. Putnam and Mrs. Putnam attended. Mrs. Kay Hood read the program of the W.M.S. Rally to be held on June 6 at the Sandhill Church. Mrs. Jean Griffiths gave a reading on the definition of a mother, by a kindergarten class. A vote of thanks was given to the ladies who made Easter eggs. The treasurer's report was given, and with the results of the Rummage Sale and Easter Egg Sale, showed a substantial balance.

A motion was made and passed to give a donation to the Medical Center. Next meeting, June 14th, will be a potluck supper, to which all members and families will be invited. At the close of the meeting a small "auction" was held, proceeds for missions. Refreshments were served by the hostess and committee, with a birthday cake for Mrs. Griffiths. A social hour was enjoyed by all.

A very pleasant afternoon was spent by neighbours and friends who attended the Tuesday afternoon "open house" for Mr. and Mrs. Percy Brooks who recently celebrated

their 50th wedding anniversary. A lovely tea was served and the recently received gifts were much admired.

Mr. and Mrs. Wm. Jackson attended church at St. George's Cathedral last Sunday which was the occasion of the Graduation Parade of the Royal Military College and is known as Copper Sunday. The cadets give as their offering all their coppers saved during the year and these are taken up in large white pith helmets. It was a glorious day for such a parade the text of the sermon was the RMC motto "Truth, Duty and Valour" as it applies to all walks of life.

Mother's Auxiliary of Guides and Brownies was a great financial success. Only a small number of adults took advantage of the evening shopping; this was probably due mostly to the wet weather, but those who did attend enjoyed the movie very much.

It is hoped to continue with this entertainment program on a monthly basis and that more adults will avail themselves of the opportunity to enjoy good family type movies, in town, at a reasonable cost. The next movie is planned for Tuesday, June 5th.

You must prove wolf

Mrs. Lloyd-Jones who operates a farm with her husband was claiming compensation from the provincial government for three sheep killed during the winter by what she claims were wolves.

Under new provincial legislation the government now pays compensation to any person whose livestock has been damaged by wolf predation.

This scheme is meant to replace the wolf bounty; the government formerly paid \$25 for every wolf killed.

The aim of the new system is to help the injured, rather than trying to wipe out the predator.

In order to qualify for compensation, the livestock owner must prove two things: That one of his livestock was killed by an animal, and that the killer was a wolf.

It must be a wolf; this is

perhaps the most difficult part to prove, because much of the livestock killing in southern Ontario is done by dogs as well as by wolves. It is often hard to determine which animal did the damage.

The livestock owner seeking compensation goes to the municipality if the killing was done by dogs, and to the province if it was the work of wolves.

Mrs. Lloyd-Jones says "I know it was done by wolves."

The frustration lay in trying to prove that it really was wolves.

Mrs. Lloyd-Jones hearing lasted about an hour and was recorded on tape. It will be transcribed and read by R.G. Bailey, district manager for Napanee, who will act as an independent adjudicator and make his decision according to the facts.

Gardening

SOIL IMPORTANT WHEN PLANTING TREES AND SHRUBS

Trees and shrubs are extremely rugged plants and can survive in almost any type of soil. However, if they are to produce strong, vigorous growth, they require a rich soil around the roots at planting time.

In good soil, dig a hole large enough to allow the roots to spread out naturally. If some of the roots are extremely long, they can be cut back without damaging the plant. If the soil is poor and needs to be replaced, dig the hole larger than is needed.

For most plants, 18 inches both ways is sufficient, but larger trees will require a

larger hole.

Set the plant in the hole at about the same depth it was in the nursery and carefully replace the soil. Shake the plant gently to get soil around all the roots and press down firmly. When planting is finished water well.

Good rich soil should not need fertilizer. If it is required, never place it in the hole near the roots. Apply it instead in a band around the plant after planting and water it in.

Careful attention to these details during planting gives trees and shrubs a head start and helps to ensure healthy vigorous growth.

Police Seek Missing Man

The Picton OPP are searching for 79-year-old Clayton Stuffles, who wandered from the Prince Edward County Home for the Aged last Thursday night.

Mr. Stuffles is wearing a pacemaker heart device and is described as being about 5'6" and weighing 120 pounds.

He was formerly a resident of Milford.

Deseronto Ratepayers

by Mrs. Margaret Jackson

At the last meeting of the Ratepayers, it was decided to continue with bi-monthly meetings during the summer months.

There was no continuation of the "Arena" discussion started at the previous meeting due to the fact that there was no-one present from the Fund Raising Committee. However, members were brought up to date with recent happenings with regard to this matter.

Some members complained of higher water and sewage bills. These increases were the result of the recent "blue card" survey and Mr. Hunter of the PUC explained how the sewage bills are based on water bills and that the survey should result in more equal charges being made. In other words,

anyone now receiving higher water bills must have been undercharged before.

It is still generally felt by the ratepayers that a fairer method of billing would be one based on the number of people in a household.

The new hydro rates for Napanee were mentioned and it was discovered that we in Deseronto already pay more than we would in Napanee after the increased rates are in force. Deseronto citizens still face an increase in both water and hydro rates later this year.

Members were glad to hear that Jim McVicker was well on the road to recovery following his recent surgery.

The next meeting will be held at the Public School on Thursday, May 24th at 8 p.m.

Mysterious Lights Seen Over Lake

Bright lights above Lake Ontario, witnessed from the United States and Canadian shores baffled officials and meteorologists.

The lights, resembling reflected light from a small community, were reported by coast guardsman James Davis in Rochester and constable Angus Riddle of the Ontario Provincial Police, at Brighton, Ontario, 42 miles across the lake.

Officials said there was no unusual shipping on the lake and the Canadian Armed Forces Air Base at Trenton, Ontario, said it had no planes flying at the time.

A meteorologist at the

National Weather Service in Rochester said the lights might have originated in shoreline communities and bounced across the clouds.

John Peltz, Canadian meteorologist at Trenton, disagreed. He said the clouds were too high for the bounce.

Guides

Deseronto Scouts, Cubs, Guides and Brownies held a Mother's Day parade at St. Mark's Church on Sunday, May 13th. During the service Rev. Frank Bell presented Religion and Life emblems to the following Brownies: Tammy Johnson, Shirley Johnson and Mary Jo Sergeant. These badges have different requirements for each denomination and the requirements were worked out for each by Scout Leaders, Guide Leaders and the churches concerned.

A presentation was also made to Kathy Johnson of her Canada Cord. The Canada Cord is the highest individual award a Guide receives and was presented to Kathy by Mrs. A. Hunter, District Commissioner.

Later in the service Rev. Bell dedicated the new Scout and Cub flags. The flags were provided for the Scouts and Cubs through the efforts of the Group Committee.

The first joint meeting of Northport and Deseronto Guides and Brownies was held at Deseronto Public School on Tuesday, May 8th and was called Skyway Jamboree. Deseronto and Northport form the Guiding District of Skyway.

All of the girls, leaders and parents present received

yellow ribbons printed with the words, "Skyway Jamboree, May 1973" in blue lettering.

Deseronto Guides, the host group, provided the major portion of the entertainment for the evening in the form of two short plays directed by Christine Hunter, a hilarious newscast and even more hilarious commercials. The Northport Guides and Brownies sang and presented a short skit.

Before refreshments were served Canada Cord certificates were presented to those Guides and past Guides who had received the Canada Cord within the last year. Recipients were Janet Lee McDermid and Cindy Gorsline, Cadets with 1st Northport, and Christine Hunter of 2nd Deseronto Guide Company. All Round Card Certificates

were presented to the following Guides: Vera Allison, Mary Mowbray of 1st Northport Company and Kathy Johnson of 2nd Deseronto Company. Also accepting an All Round Card Certificate was Kim Taylor who is now a lieutenant with the 1st Northport Guide Company.

force.

The Town Hall, which is over 125-years-old, sits in the middle of the old market square in Napanee.

The bridge joining Prince Edward County to Belleville at Rossmore should be relocated when it is rebuilt claims Warden Russell Thompson of Ameliosburg Township.

Warden Thompson said building a connection from the county to Belleville at the point of the Loyalist Road in the city would relieve the traffic congestion in downtown Belleville and provide a through access to Highway 401.

Results of the new wage contract with the Napanee police association, revealed at the Town Council meeting last week, show wage increases of up to 20 per cent over the next two years.

The wage scale was drawn up after a thorough study of similar wages in other comm-

unities in Ontario.

Mayor H.J. McFarland hopes to attract a convention of the mayors and Reeves association to Picton next year and will accommodate them in the former officers' and sergeants' messes and other structures at the former Camp Picton, now part of Loch Sloy Holding Ltd.

Prince Edward County Board of Education trustees and Prince Edward Collegiate Institute teachers accepted a donation of driver training equipment from Branch 78 of the Royal Canadian Legion in Picton last week.

Herbert Pliwischkies, a teacher who is also one of the three driving instructors said PECEI was now one of the few high schools in Ontario to own such valuable driver training equipment.

A faulty exhaust system on a bus that caused a number of students en route from Picton to Bloomfield to become sick last week should have been known to McGinnis Bus Company, the Prince Edward County Board of Education was told Wednesday.

Business Administrator Ernest Shortt said he had been told by one parent that she had telephoned the bus operator's office the afternoon before to tell them her child had smelled exhaust fumes in the bus.

Mr. Shortt said the bus operator told him the message from the parent had not reached him.

A check of the bus by inspectors from the department of transportation revealed the exhaust system was faulty and leaking, fortunately all the students affected recovered.

Charges laid against Lake Ontario Cement Ltd. and Triad Truckways under the Environmental Protection Act were withdrawn by Judge J.L. Clendenning at the request of David Estrin of Toronto, the complainant had requested their withdrawal and that a similar request had been made by Morris Manning of the Attorney-General's Office.

Lawyers for the Picton cement plant and their subsidiary Triad Truckways both indicated their companies were not seeking costs.

When Napanee's former

post office building at John and Bridge streets went up for auction at a public sale Wednesday, no one came.

The building is owned by a Toronto businessman who has failed to pay the taxes on it ever since he bought it, four years ago.

The building recently acquired notoriety as a discoloured and rooming house. The county health unit ordered the building closed on the grounds of inadequate plumbing facilities last month.

The building will be put on sale for a second time on May 28.

Fire damages totalling \$182,289 in 126 fires in Lennox and Addington County was recorded during 1972.

The greatest loss of property occurred in Ernestown Township, which has the largest population in the county.

The report was prepared by the fire marshal of the Division of public safety in the solicitor general's department.

Ontario Liberal leader Robert Nixon will address the annual meeting of the Prince Edward-Lennox Liberal Association in Napanee Wednesday night.

He will address the local Liberal association at Prince Charles Public School, Napanee at 8 p.m.

IF YOUR ANSWER IS "YES"

1. Do you believe in the brotherhood of man, irrespective of nation, race, or creed?

2. Do you believe that "religious truth" is to be accepted, must be in harmony with the truth in every other field—science included?

3. Do you believe the primary responsibility for human progress rests upon man?

From the Pulpit

by R.E. Masters of the
Deseronto Pentecostal Church

Text: Romans 8:26

"We Know Not What We Should
Pray For As We Ought"

The thing that disturbs or perplexes the Christian experience, is simply the answer to: numerous prayers that are daily put before the Lord. We often pray for patience, -- and God sends those who tax us to the limit; but it is not true that "tribulation worketh patience." We pray for submission and for an answer God sends suffer-

ing for it is through the things we suffer that we learn obedience. We pray for unselfishness and God gives us opportunities to sacrifice ourselves by thinking on the things of others. We pray for strength and humility and some messenger of Satan torments us until in despair we cry for its removal. We pray "Lord increase our faith" and money becomes scarce, or the children become ill, or some other unknown trial calls for an increase of faith along a line where we have not needed to exercise much faith before. We pray for an opportunity to serve Him, and are given a portion of what we may think -- a lowly service. We may become injured in our pride, and we must seek no redress, for "He (the living Christ) was led as a lamb to the slaughter and... opened not his mouth."

We pray for love, and God sends along unlovely people and allows them to say things which tear at the nerves and penetrate the depth of our hearts.

But think of it, love suffereth long and above all, it is kind. Love is not impatient, nor can it be provoked and then... true love never fails.

In conclusion, I am convinced that the way to peace and victory is to accept every circumstance, every trial, straight from the hand of a loving Father and then use these circumstances and trials as stepping stones to victory.

ELEMENTARY and SECONDARY TEACHERS

THE HASTINGS
COUNTY BOARD OF
EDUCATION

requires for September 1973

teachers of

Home Economics
Grade 7 and 8

Industrial Arts
Grade 7 and 8

Prince Edward grants announced

Prince Edward County has received four opportunities for youth grants, but project officer for the area, Barry George said that both Prince Edward and Hastings Counties would have been eligible for more grants if "more good ideas" had come forward.

The successful county craft revival program of last year is itself being revived with a grant of \$5,975 for Beverly Crank, R.R. 2, Bloomfield, Nancy Foster, R.R. 2, Bloomfield and Mrs. Marion Dunn of Picton.

A project entitled the Regent Revival Theatre will re-open the closed Main street theatre to modern drama and John McCuig, Susan Stevens and Alan Washbrook, all of Toronto, received a \$16,650 grant, the largest county grant.

Joanne Rutter of R.R. 1, Bloomfield, and Jennie Kerr of 11 Head street have a \$1,730

grant to provide a service for shut-ins in town.

Leigh and Vivien Swain, who operated the county crafts revival in Picton last year, are carrying out a Prince Edward County resources study this year with a \$5,735 grant.

hydro still proposes visual pollution

A newly formed citizens' group called the "Save Our Bay Committee" and conservationists from the Sierra Club of Ontario (a long established

The crux of the issue are the proposals to construct a 230,000 volt transmission line across the Hayward Long Reach, one of the most beautiful spots in the area.

In 1971, Ontario Hydro announced plans to place additional electric power in the county by means of an overhead 230,000 volt transmission line. There are, at present, three 44,000 volt transmission lines serving the area.

At the time of the announcement, Hydro officials indicated that the likely routing for this line would be across the Hayward Long Reach, the site of the Gold Cup hydroplane races.

Philip B. Lind, a member of the Sierra Club, speaking at the home of Angus Mowat on Saturday, described the proposed construction.

"This proposed crossing would involve construction of two 320 foot towers (normal extra high voltage towers are 120 feet) and a 3,200 foot span

of eight cables. Because of federal regulations, the span would dangle large balloons and these balloons and the towers would be painted red and white. Hydio's supervising engineer, Charles Bishop, told the Kingston Whig Stand that "the crossing would be a spectacular one with a clear span of 3,200 feet seldom seen elsewhere."

He further speculated that the view of the towers crossing the Reach would be "a point of interest" (Kingston Whig-Standard, September 2, 1972). Since that time said Mr. Lind "Mr. Bishop has indicated to Sierra Club members that Hydro is not committed to this particular crossing - that there is some flexibility in the planning - but that the Long Reach crossing is still a possibility."

Because Ontario Hydro admits that this eyesore is still being considered as a possibility, the two groups are ann-

Arts & Crafts Show

Molly Velz, who lives in Niagara Falls, N.Y., is pictured with a fine display of beadwork and other Indian crafts.

Sunday morning brought perfect weather for the enactment of the Landing of the Mohawks and many interested spectators. Blue skies added to the very colourful event held on the Bayshore Road, Tyendinaga Reserve, which is held annually to commemorate the arrival of the Mohawks to this area in 1784. Following the actual "landing" by canoe and a procession to the Cairn a service of thanksgiving was held during which visitors heard the history of the Mohawks read and Indian school children sang hymns in the Mohawk language. Guest speaker here and at the later service of Holy Eucharist held in Christ Church was Archbishop Ted Scott, Primate of the Anglican Church

of Canada who spoke of the importance of us all getting to know and understand each other's stories and seeing ourselves as one people with a common God.

Many availed themselves of the corn soup lunch served at no charge at the Reserve's new Recreation Centre which replaces the old Council House destroyed by fire. Great interest was shown in the Arts and Crafts display in the same building, which featured exhibits from both Teyindanga and the Six Nations Reserve, and by the Recreation Committee. The performance given by the dancing troupe of *vauna Mo-hawk* children was most enjoyed by those fortunate enough to be there at the right time.

News

Round
Up

South Fredericksburgh Reeve Harold Creighton told fellow Lennox and Addington councillors that he feels heavy traffic which is soon to come from Canada Cement Lafarge's plant should be kept off Highway 33.

"Let's plan for the area, not just the municipalities," Mr. Marshall stated.

Several opinions were heard from county councillors, all of which favored some sort of new road to alleviate Highway 33. A letter is to be sent to all industries and institutions along Highway 33. The letter will invite them and representatives of the department of transportation and communications to meet with the county's road committee to attempt to work out a feasible plan.

Canada Cement Lafarge officials in Montreal have announced that the \$52 million plant near Bath will be completed by September.

The Canada Cement spokesman said the plant will produce a million tons of cement a year. It is located along Highway 33, a scenic lake-front drive.

The Montreal-based firm has promised a near pollution free operation. It will take about 100 employees to operate the cement plant - of which about 90 will be hired locally.

Over 5,000 trees have been planned to screen the operation from scenic Highway 33.

The plant is located on a 10-acre site about two miles east of Bath.

Terry Lantone, a Napanee school teacher, was elected president of the Prince Edward-Lennox Liberal Association at an annual meeting in Napanee last Wednesday.

He succeeds Both area farmer Roland Stalker. Elected vice-president was

Pat Dunkley of Prince Edward County.

John Zado was elected second vice-president; Mrs. Clarence Slaver of Picton, treasurer; Beth Turpin of Bloomfield, secretary and Frank O'Connor of Amherstview, public relations manager.

About 100 people attended the meeting held at Prince Charles Public School.

Napanee Town Policemen have unearthed a theft ring of youths with offences as far back as 1968.

Investigations of break, enter and thefts at Prince Charles Public School and Mom's Restaurant on Dundas Street, May 4 are leading to other offences, including a break, enter and theft at the Canadian National Railways station in 1968; a break and enter at Prince Charles School in July 1972 and thefts at Napanee District Secondary School on March 5, April 5, 13, 14, 15 of 1973.

Six Australians, members of a Rotary-sponsored group study exchange visited Picton and Prince Edward Heights complex of the ministry of health Saturday.

The visitors were taken on a tour of the sheltered workshop for retarded persons at the Armory Mall, the Craig complex of Prince Edward Heights complex of the ministry of health, and to Lake-on-the-Mountain. Following dinner the group visited Trenton air base.

Elections for students' council executives were held at Prince Edward Collegiate Institute last week.

President of the students' council for next year will be Steven Brant, a Grade 12 student. He will be succeeding

Barrie Mahlie, who graduates this year.

A Grade 11 student, Nicki Brookes will succeed Eleanor Bond as first vice-president. This year's second vice-president, Timothy Barrett, will be succeeded next year by Warren McFaul.

The post of secretary went by acclamation to Connie Trumble, a Grade 12 student. There will be two treasurers, Helen Trahan and Donna Grimmer.

Provincial assistance for those who have suffered property damage from the unusually high water levels this year is available according to James A. Taylor, MLA for Prince Edward-Lennox.

Mr. Taylor said the ministry of natural resources has issued two memorandums to municipal clerks along the great lakes shorelines explaining provincial government support to municipalities and individuals affected by flood damage.

Ann Walsley and Margaret Elson will be sponsored by Picton Kiwanis Club and the Rotary Club of Picton respectively to United Nations seminars in Kingston this summer.

Every year the two clubs each sponsor one student from

Prince Edward Collegiate Institute to the annual seminar.

A drowning in the North West Territories claimed the life of Peter W. Markle, 29, formerly of Napanee and son of Mr. and Mrs. C.A. (Sam) Markle.

The accident occurred on a tug boat in the Mackenzie.

Mrs. Kay Hood
396-2119

Mrs. Lottie Anderson attended the wedding of her great niece Cathy Sullivan to Colli Galigan, on Monday night, at 8 o'clock in the RMC chapel in Kingston. Reception was held later in Currie Hall. Colin graduated from RMC earlier in the day.

Mr. and Mrs. Alex Robertson of Corstair, Alberta and

Mrs. Pearl McRae of Lonsdale were dinner guests of their sister, Mrs. Lottie Anderson on Wednesday.

Mr. and Mrs. A.J. Brim of Ottawa were weekend visitors at the home of his parents Mr. and Mrs. A.J. Brim, Mill St.

Mr. and Mrs. Ken Coventry of Picton spent Sunday with Mrs. James Hines.

Mrs. E.B. Higgins is a patient in the Lennox and Addington Hospital in Napanee.

So glad to hear Jim McVicker is home from the hospital and doing fine.

Mr. and Mrs. Murray Dimmell, Willowdale and Mr. and Mrs. Norman Dimmell and daughter Shirley of Ottawa, spent Sunday with their mother, Mrs. C.F. Dimmell.

The Ratepayers meeting will be held at the school on Thursday, May 24th, at 8 p.m.

The Bible Class of St.

Andrew's Church, Picton, took part in the 9 a.m. service at the Church of the Redeemer on Sunday. Miss Susan McIntosh gave the Call to Worship and was in charge of the service. Roger Armstrong and Debbie Dobie led in prayers. Roger also read from the Acts, and Debbie gave the children's story. Old and New Testament readings were given by Arpi Jikeli and Andrew Jikeli. Susan Moon led in the Apostle's Creed. The minister, Rev. Robt. C. Jones gave an inspiring message on "Powers from on High". He said there are all kinds of powers, nuclear, medical, etc.; but a big lack in the world today of Spiritual Power.

Next Sunday will be the 140th Anniversary of St. Andrew's Church and Rev. Roy Taylor of Stirling will be the speaker; he will also take the 9 a.m. service in the Deseronto Church.

Mr. and Mrs. George Lyons, Deseronto spent the weekend with friends in Lockport, N.Y.

Mrs. Irene Regan and daughter Barbara of Scarborough were weekend visitors of Mr. and Mrs. Wm. Jackson. While here they enjoyed attending the "Landing of the Mohawks", the service at Christ Church and the Arts and Crafts display held on the Reserve.

The Bake Sale held by the ACW of St. Marks Church at Lyons Foodmaster store last Saturday morning proved to be a financial success as well as a great boon to holiday weekend shoppers.

A Tupperware Party held at St. Mark's Parish Hall last week was sponsored by the Family Life Group to raise funds to send children to Camp Hyanto (the Anglican Church Camp at Lyndhurst) during the summer months.

What Council Did

The regular meeting of Deseronto council was held on Tuesday, May 22nd with Mayor James Sharpe in the chair. Councillor McVicker and Councillor Whalen were absent because of illness. During the course of the meeting council:

- * Received a letter from the Ministry of the Environment which gave a detailed account of the council in this matter and stated that council was acting according to the three pertinent OMB bylaws. Enclosed with this communication were several of the letters sent by members of the Deseronto Ratepayers Association to the Ministry of Treasury, Economics and Intergovernmental Affairs, protesting the sewer rates. It appeared that this ministry had passed the letters on to the Ministry of the Environment, who sent them to council. Council decided that it was not their concern, since they are acting within the bylaws. The letters were filed.
- * Read a letter from the County of Hastings concerning the joint waste management study. A firm of consultants has been hired to undertake the study, and they will be contacting the town for information. Deseronto will be billed for its share of the costs of the study.
- * Heard a letter from the office of J.K. Pearce, Q.C. regarding drainage problems on Ray Woodcock's property at the corner of Maple Street and Finglan's Lane. Mr. Woodcock cannot cultivate his garden because of standing

water in the area. Council filed the letter, after noting that the drainage of this property would be a big undertaking, and that the water would have to be drained onto Reserve property.

- * Received confirmation of payment of the street subsidy for \$4,700.
- * Heard that the 30 ft. strip beside the rink is definitely town property according to a deed filed in 1947.
- * Were thanked in a letter from Mrs. Pettis for clearing up branches in front of her house.
- * Replied to a letter from the Deseronto Ratepayers which requested information as to the positions of the town's rights of way to the shore. These rights of way are First Street, Fourth Street and Centennial Park.
- * Granted a request from the Napanee branch of the Navy League of Canada to declare Oct. 6th tag day.
- * Approved a proposition from the PUC that billing dates for the East end of town be changed so that water and sewage bills are sent out on alternate months to hydro bills. Bills sent out on July 1st for this section of town will be for 1 month only. Bimonthly billing will start August 1st.
- * Proclaimed the week of June 17th Senior Citizens week and arranged for the Community Centre and Recreation Committees to work out a programme.
- * Passed a motion approving a grant of \$200 to the Quinte Old Timers. It is understood that this money will help pay for the trip to Ottawa this week.
- * Approved the statement of expenditures for April read by the Reeve.
- * Heard that work on the Thomas St. sidewalks has resumed after being held up by bad weather.
- * Authorized the Streets and Parks committee to purchase a new lawn mower for the parks.
- * Agreed to hold a committee of the whole meeting to discuss the two tier municipal reform system now under consideration by county council.

Robert Nixon in Napanee

The annual meeting of the Prince Edward-Lennox liberal association was very well attended, with more than 100 people present. A great drawing card was the presence of Robert Nixon, the leader of the liberal party, who spoke to the meeting. During the course of his speech Mr. Nixon had some hard words to say about Health Minister Richard Potter, and his policy with regard to health costs.

He also condemned the recent provincial budget as the most damaging in recent years. The Ontario Provincial debt costs over \$1 million a day in interest - the extra 2% sales tax will just about cover this.

Mr. Nixon maintained that the record for the past 30 years of Tory government is poor, and if increasing interest in the liberal party is any indication of dissatisfaction among the public, then the attendance at the Annual meeting appears to confirm this view.

Obituary

WITKOWSKY, Mrs. Tatiana, 131 Green St., Deseronto, passed away May 18, 1973 at the Belleville General Hospital, in her 47th year. Beloved wife of Marion Witkowski and dear mother of Nora, at home.

She was a member of St. Mark's Anglican Church, Ladies Auxiliary Canadian Legion, Branch 280. A Legion Service was held Saturday at 7:00 p.m.

Funeral service was May 20, 1973 at 3:00 p.m. from White and Morris Funeral Home, Rev. Frank Bell officiating. Interment Deseronto Cemetery.

Pallbearers were Lyle Rankin, Bernard Kozmarek, Alex Miller, William Laverture, Ernie Dorey and Clarence Zieman.

Press Release

NEWS RELEASE FROM SPECIAL MEETING OF MAY 15th, 1973.

Summary on the Levying of 1973 Rates in the Town of Deseronto

Mill Rates struck for 1973 of: 148.84 mills COMMERCIAL and 124.15 mills RESIDENTIAL are down 22 mills and 26 mills respectively from 1972.

On a Residential Assessment of \$2,000, the taxes for 1973 will be \$248.30, which is down \$51.78 from the \$300.08 on the same assessment in 1972. This 17 1/2% DECREASE in taxes for 1973 is attributed mainly to the new additional grants recently announced by the Province of Ontario payable to municipalities in 1973 - these have been passed on to the taxpayers in Deseronto, also, the County of Hastings' levy is down \$6,000. from 1972.

The Town's surplus for the year 1972 has in effect offset any increases in the Town's General Purposes requirements for 1973, as well as increased levies from the Schools and

The Library Board.

The Assessment Roll excludes Bell Canada's Gross Revenue this year and the adjusted method of calculating same distorts comparisons for 1973 with prior years, one being that the additional increase in the Town's Assessment created thru new construction in 1972 is almost nullified.

NOTE: All Sewer Rates are excluded in the above analysis since all fixed annual rates and the surcharge are accounted and collected separately for the Ministry of the Environment.

A new levy for 'Separate Schools' involving some thirty properties has been added in 1973 for the first time, necessitating two new Mill Rate structures as well as the allied accounting and collection phases. The two Mill Rates are approximately 2 1/2 mills higher than those for Public School Supporters.

ECOLOGY DAY

Monday, May 7th saw the students of Deseronto Public School spending part of their afternoon busily raking, edging, picking up litter and digging flower beds. The objective was to increase the student's awareness of the litter problem on the school grounds and also to encourage them to maintain it in a neat fashion. The staff also hoped to remove some of the hazards on the school grounds, such as large protruding rocks and broken glass, with May and June being the months for outdoor physical education and track and field, it was felt that this was a very necessary step. It is to be hoped that some of this learning will carry over into the student's every day habits and hopefully result in a cleaner environment in general.

TYENDINAGA NEWS

The week of May 28th will be clean-up week on the Reserve. During this week the Tyendinaga dump will be open every day, instead of just Tuesday and Saturday. Garbage trucks will be collecting heavy articles such as old stoves, washing machines, etc. on Wednesday and Friday. The Chief and Council are hoping for a good response to this project to clean up the reserve property before summer.

zie River at Inuvik.

Mr. Markle had been working on the tug for about two weeks.

He is survived by his wife, the former Elaine West of Deseronto and two daughters. Also surviving is one brother, Timothy and three sisters: Janet, Mary and Anne.

Lennox and Addington County Council will "take back" Highway 502 from Napanee to the Hastings County

border on Sept. 1 of this year. The road will be turned over to the county road system by the province.

Only Sheffield Township is continuing with a systematic program for warble fly prevention, reported by Sheffield Reeve Paul Burns.

Ernestown Township Reeve Cecil Kidd and Amherst Island Reeve Vincent Aitken claimed that all municipalities should fight against the insect which infests cattle. Reeve Aitken felt the situation needed mandatory control.

Ideal Venders is the biggest supplier of vending machines and coolers on the Canadian market.

It is now seeking broader, international fronts.

It already has gained entry to United States markets and has ambitions to win trade in Europe and the Far East.

"We're the largest in Canada now and we don't want to lose that status. To keep that share of the market and areas we have to expand and diversify," said Mr. Moore, general manager.

New construction will increase plant and storage space by 53 per cent - for a total operating area of 160,000 square feet.

A division of Eddy Match, the company has sales staff

working across Canada and a plant work force of 170 in the Deseronto plant.

The Apple Blossom Festival got off to a good start with ideal conditions for outdoor square dancing and wagon rides through the flowering orchards.

The site for the opening this year was Harold Bonters' farm east of Carrying Place.

The festival church service was held at Albury Church with the Rev. Maurice McLeod conducting the service.

The Apple Queen was Janet Werthall, who with her princesses in costume received the guests as they arrived.

Members of the Albury Church choir dispensed home cooked apple pie with Prince Edward County cheese. The beverage served was cold apple cider.

The festival continues at Pinecrest School, Bloomfield this Wednesday night with a variety show and the selection of the semi-finalists for the Apple Queen title. The Apple Queen will be chosen and crowned at Festival Ball, held at Kente Public School Friday night.

SWIMMING REGISTRATION FOR DESERONTO

Registration for Swimming Classes for Deseronto Young People will be held on Saturday, May 19 and Saturday, May 26 from 9:30 a.m. until 12:30 p.m. at the Town Hall.

Classes in Beginners, Juniors, and Intermediate would be held at the same time 9:45 and bus transportation will be provided.

Classes in Senior are offered at 10:30 a.m.

Bronze 11:15 a.m.

Pre-School 12:30 a.m.

We cannot guarantee transportation for these three.

The fee for Deseronto residents if registered in Deseronto is \$6.00. (If registered in Napanee, it is \$7.00).

Classes are planned for the Napanee Rotary Pool. They are held according to Red Cross standards and Badges will be awarded for successful completion of a test.

Classes start Tuesday, July 3. Pre school two week periods. All others four weeks. (Sponsored by Deseronto Recreation Committee)

Loyalist Course

Beginning in September, Loyalist College will be offering a new course entitled "Construction Trade Helper". This is a sixteen week program, commencing on a monthly basis from September 1973 to March 1974.

This program comes as a result of the rapid expansion in the construction industry. No end to this growth appears to be in sight and in order to fill the demand for skilled people, Loyalist has established this highly comprehensive program, designed to give the graduate a good start in the construction industry.

The fee for the sixteen week program is \$60.00. Additional costs include text books, tools and safety shoes.

The program is made up of 4 units of 1 month each. Each unit is made up of topics that will show the practical aspect of the Construction Industry. This is not a theoretical course with a lot of academic subjects. Students will be shown how to make and place good concrete, the use and maintenance of tools as well as a practical 16 hour course in first aid. Special attention will be given to construction safety.

IF YOUR
ANSWER IS
?
"YES"

1. Do you believe in the brotherhood of man, irrespective of nation, race, or creed?

2. Do you believe that "religions truth," to be acceptable, must be in harmony with the truth in every other field - science included?

3. Do you believe the primary responsibility for human progress rests upon man?

Quinte crossing

Continued from Page 1

obtaining a petition asking the Government to force Ontario Hydro to withdraw plans for the Hayward Long Reach crossing and are releasing a letter to the media and a press release. Gathercole, Chairman of Ontario Hydro, calling for the following:

1. That Ontario Hydro publicly release all studies relating to the need for a massive increase of the load carrying capacity into Prince Edward County. Hydro should also provide full disclosure of the load forecast and the exact uses that the load is to serve. Hydro should also release the technical data related to the transmission design.

2. That Ontario Hydro publicly release all studies relating to the need for a massive increase of the load carrying capacity into Prince Edward County. Hydro should also provide full disclosure of the load forecast and the exact uses that the load is to serve. Hydro should also release the technical data related to the transmission design.

3. That Ontario Hydro immediately announce formal plans for an "open planning" system to local residents and other concerned citizens in the planning process.

4. That Ontario Hydro be urged to consider withdrawing plans for transmission at 230 KV and to seriously study the possibility of upgrading the present 44 KV lines up to 115 KV, the latter having the advantage of being able to use existent right of ways and carrying the ability on wooden poles.

James Madden of Napanee, chairman of the Save Our Bay committee said "as users of the bay and residents of the area directly concerned with the proposed construction of a hydro line from Lennox Generating Station across Hayward Long Reach to Prince Edward County, we consider this constitutes sight pollution and interferes with citizens enjoyment of the bay."

"We consider the fact there are three transmission lines

already, leading into Prince Edward County and that these can be updated to upgrade the power needs of the county without spoiling the scenic beauty of the whole area enjoyed by thousands of tourists every year."

The petition is being circulated mainly in Prince Edward, Lennox and Addington, and Hastings counties and also to people in other areas who are the target for studies.

Members of the committee to Save Our Bay include Angus Mowat of Northport, Douglas Sward of Belleville, the chairman of PACI (People Against Contaminated Environment); William Condie, Waupoos; Mike Donohue, Picton; Roy Rosborough, Northport; James Plomer, Milford; Rev. Wesley Niclands, R.R. 4, Picton; W.G. Pate, D.J. Chant, Roy Stubbs of R.R. 2, Picton; Carl Clayton, R.R. 2, Napanee; Thomas Tomkow, Bath; Lloyd Cowle, Wesley Alkenbrack, Werk Poole, Vernon Wagar, Robert Warman, James Madden, Peter Nasimith, all of Napanee; Gordon Mylks, Amherstview and H. Peter Wills of Belleville.

Death

The death was announced early Tuesday morning, May 22nd, of Mr. Alfred James Loft, 64, of York Road, Shannonville. The loss of Jim Loft will be felt very deeply by many people in this area, especially the Mohawks of Tyendinaga. Mr. Loft was the first chairman of the fund raising committee for the Council House, and worked tirelessly in this capacity until failing health forced him to resign.

Mr. Loft, the son of the late Newton Alfred Loft and the late Rachael Agnes Howard, was born and raised on the Tyendinaga Reserve. He married Sarah Melba Whetung and they had two sons and two daughters. His son James Gordon predeceased him and his other Arthur Edwin Loft now lives at North Tonawanda in the USA. His married daughter, Evelyn Irene (Mrs. Robert Watts) is a resident of Cobourg; his daughter Linda Lorraine still lives at home. Mr. Loft is survived by nine grandchildren.

The body of Mr. Loft is resting at the White and Morris funeral home, where the fun-

eral services will be held on Thursday, May 24th at 2 p.m. Mr. Herbert Curtis will be officiating. Interment will be in All Saints Cemetery.

BIRTHS

Martin and Roselyn Denison are happy to announce the birth of their first son, Allen Gerald Winfield Denison, 9 lb. 7 oz., born May 8th at 5:30 p.m. at the L & A County Hospital, Napanee.

"Save Our Bay"

Petitions calling upon citizens to "save our bay", are now being circulated in neighbouring counties to Prince Edward by a group seeking to stop Ontario Hydro from bringing power lines across the Hayward Long Reach.

The petition to Premier William Davis asks for his intervention to prevent the proposed construction of the high voltage line.

The petitioners state "this transmission line is particu-

larly objectionable as the corridor would run through the prime recreation area of Lennox and Addington County; the towers on either side of the Bay of Quinte would be approximately 300 feet high, painted red and white with red metal balloons strung on the hydro lines."

The Bay of Quinte and particularly the Hayward Long Reach is one of the most beautiful unspoiled recreation areas in southern Ontario.

Cable TV wants \$5 from senior citizens

Residents of the Queen Elizabeth senior citizens' apartment complex, Napanee, feel that the cost of hooking into the new cable television service is too high.

Ontario Housing Corporation wants a substantial reduction in rate charges for the 36 units and Napanee-Deseronto Cablevision Ltd. will not take less than the full \$5 a month fee.

A Whig-Standard survey of some of the residents of the Water Street apartment house

showed that most are willing to pay at least \$3 a month for the service, but feel a reduction in rates is only fair with such a large group sale.

Reginald Dawson, president of Napanee-Deseronto Cablevision Ltd. declined to make extensive comments on the problem.

Also associated in the firm are J. Earl Morrison, publisher of the Napanee Beaver and Jack Simpson, company secretary.

Consumers learn from farmers

There is a great deal of misunderstanding between the urban and rural communities. And you are probably quite aware of it.

The Urban-Rural Exchange Program, now in its third year, offers young people, 12 to 15, an opportunity to live in a new environment and experience a way of life which quite likely differs from their own. An urban youth visits on a farm for one week after which the rural host may return to spend a week in the city. Each exchange is caught up in a different "pace" of life -- crowds of people, masses of cars, the sounds and excitement of a great metropolis, or the quiet, the great space, the distance to the "corner store" in the country.

The experiences of the urban youth while in the rural community will not only help him or her to better understand the environment he or she is visiting, but also his familiar surroundings -- by realizing the similarities and the differences, the advantages and the disadvantages, and the why's and how's of each situation. The same idea is true for the rural youth who

makes a return visit to the city.

Besides the exchange of ideas, the Urban-Rural Exchange "73 means fun and adventure -- and quite likely, lasting friendships brought about through shared experiences, responsibilities and good times.

THINGS TO NOTE...
The Urban-Rural Exchange is activated by the Extension and Home Economics Branches of the Ontario Ministry of Agriculture and Food. Urban students, 12 to 15 years of age, may obtain information about the program through their school. Completed applications are returned to the school and then forwarded to the local program co-ordinator. Rural students may apply through their school or through the local office of the Ministry of Agriculture and Food. All applicants are interviewed and selected by a program co-ordinator. Various exchange dates throughout the months of July and August are available. Initially, an urban exchangee is "matched" with a rural exchangee of similar age, sex and interests. A week of

Indians Urged to Take More Interest in Schools

Indian Affairs Minister Jean Chretien recently announced changes in the government's policy on native education.

The department's education section gradually will hand control to Indian organizations, he told the common Indian affairs committee.

Band councils and local Indian education committees will assume control of the In-

dian education program and give it the direction they wish with assistance and support from the department.

Involved in the change are hundreds of federal schools located on reserves and the federal teachers who work there.

The department's education division will change its role from administration to providing professional services under Indian direction.

life in the rural area is followed by a week spent in the city. Busy rural participants may decide to return to the city at a more convenient time. Participants are briefed on details about their host family and exchange, transportation arrangements, safety, and their "new" environment prior to the exchange date. The exchange is neither a work week nor a holiday, but a learning experience. The exchangee becomes actively involved in the regular life of the host family and is treated as a member of that family. Exchangees and host families are insured by the Ministry of

Agriculture and Food for accident and liability.

During the summer of '72, 723 urban students participated in the rural way of life, and 229 rural young people returned to the city. The objective for 1973 is 1,000 urban youth placed on farms for one week, and 300 rural youth hosted in city homes during the summer months.

For more information contact your local Ontario Ministry of Agriculture and Food OR Judy Sisson, Box 1600, Napanee, Ontario Phone 354-3371

Quinte News Round Up

Lennox and Addington County resource centre has received a provincial grant extension until June 15.

The centre has been operating on a provincial Local Initiatives Program (LIP) which expires this month. The extension was given by the ministry of community and social services.

Some of the services to the community during the existence of the resource centre include:

Finding temporary and permanent homes for troubled youths.

- Serving as a back-up force showing films and supplying transportation pool for local senior citizens

- Begin researching the need for a day care centre in the area

- Encouraged a local service club to organize a big brother type of organization for fatherless boys.

- Donated books, toys, food and clothing to needy families.

Started a meals on wheels program primarily aimed at senior citizens.

The basic function of the centre is to fill in where agencies can not meet the demand. The centre's first project was completion of a directory of community services.

Special services marked the 140th anniversary of St. Andrew's Presbyterian Church, Picton, last Sunday.

Rev. Roy A. Taylor, minister of St. Andrew's Presbyterian Church in Stirling, and St. Andrew's in West Huntingdon took the service.

It was in March, 1833, that St. Andrew's congregation in Picton sat for the first time.

On March 5, 1933, St. Andrew's observed its centennial with special services.

Present minister is Rev. Robert Jones.

Ben Begbie, an employee

of the Prince Edward County roads department for 42 years was honoured at a retirement party given by co-workers last Thursday.

Mr. Begbie, retiring as county roads foreman, was presented with a calendar watch and an inscribed tray.

New roads foreman is former Prince Edward county warden Ross Benway.

The Picton Model Rail-roads again will sponsor a rail trip from Belleville to Marmaraton Mines to the Picton ore docks this fall.

Staged for the first time last June the ride attracted visitors from New York, Montreal, Ottawa, Galt, Kitchener and Toronto.

This year the trip will be held on Saturday, September 22. Two passenger coaches will be hooked to the scheduled train run.

A joint water-sewage survey for this area started by the ministry of the environment over three years ago, will not be completed for at least two months.

The Ontario Water Resources commission began the joint study in March, 1970 when Richmond Township requested a system of its own.

The economic development committee of Prince Edward County is interested in the buildings at Mountain View air base in Ameliasburg Township should they become available.

The serviced area is needed for future light industrial development of the county.

Economic development Director William Duggan was authorized to contact the federal government and indicate the county's interest in the

property should it become available.

Lennox and Addington County Board of Education chairman John Munroe has confirmed that Director of Education J.C. McLeod's and NAEC Principal W.W. Rowesome's resignations were called for.

Kaladar trustee Roy Holtz-hauer's motion to call for both resignations over the teacher cutback issue did not receive a second.

Prince Edward County Council has decided to update the brief presented to the provincial government last year calling for a single-tier county government in Prince Edward.

The original brief was prepared by Director of Economic Development William Duggan.

The Picton Utilities Commission has appealed to the public to assist in curbing vandalism at electrical substations.

The PUC reports that objects are being thrown over the fences at transformers and creating "a very serious hazard."

The PUC has urged all

Mrs. Kay Hood
396-2119

Mr. and Mrs. Clinton Brown of Belleville and Mrs. Don Reid of Napanee were Sunday callers on Mrs. Sam Geddes, Mill St.

Mr. and Mrs. Sydney Anderson of Kingston were recent visitors of Mrs. Anderson's sister, Mrs. J. McGillivray and Mr. McGillivray.

Mr. and Mrs. Don MacMillan attended the 140th Anniversary service at St. Andrews Church, Picton, on Sunday. They also went to the "Night on Brazil" supper and film at the church in the evening.

Mrs. R. Rosborough and Mrs. Anne Waddingham of Northport attended Saturday

session of Green Canyon camp training for Guides, at Waupoos Guide Camp.

It was announced at the Ratepayers meeting that the Mothers Auxiliary of Guides and Brownies have obtained the film "The Horse in the Grey Flannel Suit" for their next film presentation, on Tuesday, June 5th at the school at 7 p.m.

The Deseronto Red Cross meeting was held on Thursday evening, May 24th, at the home of Mrs. W. Cochrane. The president, Mrs. George Lyons, was in charge of the meeting. Reports were given by the various committees. Word was received that the Red Cross could have the use of the vacant room in the Post Office building. The June meeting will be in the form of a pot-luck lunch at the cottage of Mr. and Mrs. Gordon Walker, who so kindly invited the ladies to come there again this year. Lunch was served by the hostess and a social hour was enjoyed by all.

Mrs. John (Jeff) Punchard and son Leslie left from Montreal Airport last Thursday for a three week holiday in Wales.

Deseronto Ratepayers

by Mrs. Margaret Jackson

At the regular meeting of the Desro the Deseronto Ratepayers' Association held on Thursday May 24th, a letter was read from Town Council advising the ratepayers that the only town owned right-of-ways to the Bay of Quinte were as follows:-

- (1) First Street road allowance
- (2) Fourth St. road allowance
- (3) Centennial Park - directly in front of the East entrance

With the boating season in mind, the Ratepayers' had asked for this information for the benefit of the general public.

The Clean-Up day scheduled for Saturday, May 26th, under the leadership of the Lions Club, was brought to the attention of those present and anyone with available time or vehicles to help were urged to co-operate.

The recent Press Release re 1973 Rates for the Town of Deseronto were discussed and explained. It was thought that the tax benefit had resulted in a fair reduction in taxes, particularly to those with higher taxed properties. Particular note was paid to the fact that the 17 1/2% reduction was arrived at without taking into account any sewer rates.

It was announced that as a direct result of the Ratepayers' investigating the possibility of having movies shown at the

school, the Mothers Auxiliary of Guides and Brownies are to show a second movie at the public school on June 5th. The movie will be "The Horse in the Grey Flannel Suit" and will be shown for the school-children at 3:30 p.m., admission 50¢. There will be an evening showing for adults and students at 7 p.m., admission \$1.00. It is hoped that this movie will be as popular as the first one shown.

The dog problem was spoken of but it appears that all municipalities are experiencing the same problems without much success in dealing with them.

The next meeting will be held Thursday, June 7th, 8 p.m. at the public school, and all interested persons are welcome to attend.

St. Mark's A.C.W.

The regular meeting of the evening branch of the A.C.W. was held on Tuesday, May 22nd at 8 p.m. in the parish hall. Nine members answering roll call. The meeting opened with the singing of the hymn "Breath on me Breath of God", followed by "Meditations" read from the "Living Message" by Jeff Punchard. Responses and prayers were said in unison by all members followed by the A.C.W. prayer.

Joan Claus gave the secretary's report and Linda Brown gave the treasurer's report.

President Ruby Tucker then discussed plans for another bake sale, in the near future. A hay ride followed by refreshments is planned for Saturday, June 9th at 7:30 p.m.

Rev. Frank Bell then brought the meeting to a close with prayer.

A delicious lunch was served by Jeff Punchard and Dora Martin, hostesses for the evening.

organized and a much bigger
ball team from Thurlow. Des-
eronto drew first blood, with
two out in the first inning.
Daryl Van Vlack walked and
George (Emmet) Brent slumped
one over the road in right
field for the first home run of
the season. However Thurlow
came back strong and by the
end of five innings, they were
leading 5 to 3. This time the
Lions had to battle back and
proved that they could. They
scored four more runs to go
ahead 7 to 5. Thurlow got one
run in the ninth but some
good infield work by Deseronto
and some excellent pitching
by Danny Punched closed the
door on any further scoring.
D. Punched pitched the full
nine innings, struck out 17
Thurlow batters and scored the
winning run. Other runs
were scored by Del Wanno-
maker (2), Daryl Van Vlack
(2), Danny Thompson (1),

George Brant (1) and Danny
Punched (1). Final score
Deseronto 7, Thurlow 6.

Next games are Wednes-
day in Frankford and Saturday
in Belleville. Any fans wish-
ing to go may get the bus at
the Catholic Church. Times
5 p.m. and 1 p.m. respect-
ively.

RESERVE HAS HAWK PROBLEM

Sunday the Shannville
Hawks proved to be too much
for the Reserve Baseball Club,
as the Hawks downed the Res-
erve 10 to 4. Only once in
the game did the Reserve pose
any real threat, as they had 3
men on bases, and none out,
but due to the fine pitching
of Glen Barberstock, they man-
aged only one run. Geo Hill
started on the mound for the
Reserve and was relieved in
the 5th by Bob Reid. Both Bob
and Geo had 6 strikeouts each,
and walked 2 batters each.
Geo allowed 7 hits, while Bob
only gave up 6 hits. Geo
Hill is credited with the loss.
Glen Maracle and Murray
Maracle had 3 hits each for the
losers. The Reserve also left
16 men on bases, while Shann-
ville only left 8 men stranded.

Robert Barberstock started
on the mound for Shannville
and is credited with the win,
even though he was replaced
in the 4th by his older brother
Glen. Both pitchers combined
for a total of 18 strikeouts,
while Robert allowed 8 hits,
Glen gave up only 4. Glen
walked 4 batters while his
younger brother walked only 2.
The big gun at the plate for
Shannville was Blaine Loft
at 4 for 5 and the way Blaine
swings that lumber he could
very well hold onto his .800
average, young Robert Barber-
stock also had a good day,

not only did he have 7 strike-
outs, but came up with 2 hits
in 2 trips, but is credited with
3 runs drawn in. Winner of
the 50/50 draw at the game
was Del Barberstock.

South Hastings Ball Schedule:

Wed. - Latta at Shannville
- 6:30

Sat. - Shannville at Read
- 6:30

Wed. - Shannville at Latta
- 6:30

Quinte Oldtimers

The Quinte Old Timers,
Deseronto's Senior Citizen
group, experienced a wonder-
ful day last Wednesday when
they went by bus to Ottawa
leaving the Town Park at 9
a.m. Even the weather co-
operated to make it a perfect
day that will be remembered
by many for a long time to
come. A stop was made at the
Department of Agriculture
Experimental Farm where a
guide joined the bus and ex-
plained in detail all that was
to be seen. The animals seem
to have been as popular as
the gardens and flowers and
stops were made to allow the
club members to walk and see
these at closer quarters. A
visit was made to the Parlia-
ment Buildings where the bus-
load was greeted by Flora
MacDonald, M.P. for King-
ston and the Islands. Another
busload of Napanee Senior
Citizens was there at the same
time being greeted by Douglas
Alkenbrack, M.P. who very
generously included the Des-
eronto group on a tour of the
building, which he personally
guided. A drive was taken
along the scenic driveway to
view the tulips, reported to be
at their best, as well as past
the residences of Prime Min-
ister Trudeau, the Governor
General and others. Lunch
and dinner were enjoyed at
the Westgate Shopping Centre
and the trip home was enliven-
ed by a Sing Song. It was
a tired but happy group that
disembarked from the bus at
around 9 p.m.

THE URBAN-RURAL EXCHANGE PROGRAM NEEDS YOU!

During May and June a search is being made for host families to participate in the Urban-Rural Exchange Program sponsored by the Ministry of Agriculture and Food.

This is a very valuable program for those farmers and their families who participate. No longer will farm families have to defend themselves against the constant grumbling of city people as food prices rise higher and higher.

This is the opportunity for farmers to show city people the pleasures and problems of farm life in 1973. This Exchange Program is organized to allow students, ages 12-15 from large cities to spend one week on a farm. It's a learning experience. If the farm children rise at 6 a.m. to help with the milking, the city youth will be expected to do the same. Whether it's haying, or helping in the garden or even attending a 4-H or Junior Farmer meeting the city youth will take part like a member of a farm family. The children selected by the Urban-Rural Co-ordinator are young people who have never lived on a farm or ever had the opportunity to visit one.

We are interested in participating as a host family in the Urban-Rural Exchange Program.

The May meeting of the Catholic Women's League was held at the home of Mrs. M. E. Dowling, with a better than usual attendance. Father Van der Heijden opened the meeting with prayer.

The end of the year business was taken care of by the president, Mrs. Sherman, after which Father Van der Heijden installed the new officers. They are as follows:-
Past President - Mrs. Mervin Sherman

President - Mrs. John Gartland

First Vice President - Mrs. Don Reid

Second Vice President - Mrs. P. Murphy

Third Vice President - Mrs. Jack Bruyca

Councillors are, Mrs. A. Lord, Mrs. Leo Palmer, Mrs. E. Dorey, Mrs. M.E. Dowling, Mrs. Terry Whalen.

Plans were then made for delegates to attend the Diocesan Convention at the Four Season's Motel in Belleville.

The meeting closed with prayer by Father Van der Heijden and the hostess served refreshments.

Gardening

IMPROVE CLEMATIS BLOOMS BY PRUNING

Clematis, like many other woody perennials, benefit from pruning in the spring. However, the pruning techniques differ, depending on the type of vine in your garden.

With varieties that bloom on last year's wood, the only pruning required is the removal of dead, broken, or weak shoots. Severe pruning of this type of clematis will remove the flowering wood and the plants will not bloom in that season.

Varieties, such as Jackmanni, that bloom on the current season's growth, can be cut back severely each year. Pruning back the shoots to buds near the base is adequate, but selective pruning of the canes at different heights will produce a more vigorous plant that will fill a larger area.

With either type of clematis, older canes at the base should be removed when the plants start to decline because of excessive vine production.

Removing about one-third of these older canes each spring will allow the younger ones to develop fully and produce better blooms.

persons observing youngsters tossing things at transformers to notify them immediately.

The annual antique aircraft show will be held at Mountain View air base on June 22 to 24.

The annual event began 2 years ago and is sponsored by the Toronto region wings of the Royal Canadian Air Force Association.

In both years bad weather

prevented many antique aircraft from flying in but organizers are optimistic that the weather will be good this year.

Last year Richard Bach, author of the best seller, *John Livingston Seagull*, was one of the pilots present.

Wildlife chairman for the Prince Edward Region Conservation Authority, Jack Stenning, has reported an increase in wood ducks in the county.

Beaver are reported much more active in Beaver Meadow this year and have raised the water level approximately one foot.

At a meeting of the Prince Edward Region Conservation Authority it was announced that 24 students have been hired for Project SWEEP (Student Working to Enhance the Environment Program), as well as one undergraduate.

Budget for the project this year is \$24,000 plus a 20 per cent overhead allowance.

Two trucks have been supplied free to the PERCA by the Ford Motor Company for Project SWEEP activities this year.

Ontario's new Apple Blossom Festival Queen is 16-year-old Debbie Row, daughter of Mr. and Mrs. Ross Row, of Belleville. She was

crowned Friday night by retiring Queen Janet Wetherall of the Festival Ball in Ameliasburg, the last event of the annual festival. Apple Blossom princesses are Lola Cockburn, 19, of Pictou and Penny Barber, 18, of Belleville.

Pictou Police Officers have taken their demands for a 31 percent salary increase to arbitration.

Police Commission Chairman Jesse Mason and Mayor Harvey J. McFarland said that the town felt it had made a fair offer of a 15 percent increase over two years - 10 percent this year and 5 percent in 1974.

The police association members refused the counter offer and have informed the police commission of their intention of taking the matter into arbitration.

A 19-year-old Marlbank man is in satisfactory condition after being trapped in the wreckage of his automobile for five hours on Thursday morning.

Lennox and Addington General Hospital officials said Roger Kimmert is recovering from a fractured leg and multiple lacerations.

Police said he lay trapped in the wreckage from midnight until around 5:30 a.m. when spotted by a passing motorist. He was alone in the car.

Prince Edward County will apply for flood assistance at the Big Island Causeway.

Residents of Big Island driving to the mainland travel through water on the road. A sign bearing the words "Carp Crossing" has been painted and erected by one motorist in the area.

A storey-and-a-half frame house was completely destroyed by fire on Friday morning in Pictou.

Fire Chief Ralph Rolston of Bloomfield and Hallowell Fire Department said the house owned by Percy John Scanlon on Lake St. (R.R.3, Pictou) was burning well when firemen reached the scene.

The fire started at the front of the house and firemen were at the scene for four hours.

Tyendinaga Senior Citizens

The Tyendinaga Senior Citizens Bazaar and Tea, held in the council house during the Arts and Crafts show on May 19th was a great success. The members wish to thank everyone who contributed to the occasion and report that there was an abundance of good things for everyone.

Mohawk Women's Guild

The Mohawk Women's Guild held their last euchre party for the season on Tuesday evening, May 15th at the new Tyendinaga Reserve Community Center.

The winners at this card party were - for the ladies:

1st - Kay Hill
2nd - Mrs. B. Mansfield
Consolation - Ella Claus

for the men:

1st - Tom Tinney
2nd - Albert L. Maracle
Consolation - David Andrews

Most lone hands - Albert L. Maracle
Door Prize - Elsie Andrews

The members of the Guild wish to thank all the people who came to the parties for their faithful support.

IF YOUR ANSWER IS "YES"

1. Do you believe in the brotherhood of man, irrespective of nation, race, or creed?
2. Do you believe that "religious truth," to be acceptable, must be in harmony with the truth in every other field—science included?
3. Do you believe the primary responsibility for human progress rests upon man?

then you are professing the Unitarian belief

The Quinte District Unitarian Fellowship meets the 2nd Sunday afternoon each month.

THIS WEEK

from Ottawa

ORIGINS CANADIAN

Energy Minister Donald MacDonald said in the House of Commons that the government is studying the possibility of a two-price system for oil and gas to protect Canadians against the effect of a United States petroleum shortage.

A Toronto Star editorial lauds the minister's suggestion stating that "Canada's abundance of oil... should be turned to the advantage of Canadians, both in conservation of the resource for our future needs and in reasonable prices to Canadian consumers."

RECORD AGRICULTURAL EXPORTS

Canadian farmers exported a record of \$2,135 billion in agricultural products in 1972 - exceeding the two billion dollar mark for the first time.

Expanded sales of wheat, barley, pork, cattle hides and furs, were largely responsible for the \$151 million increase over the previous export record set in 1971.

PRICE AND WAGE FREEZE OPPOSED

Premier William Davis of Ontario doesn't think Canada's economic situation is serious enough to warrant wage and price controls. He told the Ontario Legislature "my own view is that we have not reached that point."

PRIME MINISTER MEETS WITH PREMIERS

At the conference with premiers in Ottawa, Prime Minister Trudeau urged increased co-ordination of federal and provincial government programs. Mr. Trudeau said that "a strong federalism requires both a strong federal government and strong provincial governments."

The Prime Minister and the premiers are meeting for three days to discuss primarily the financing of three cost-sharing programs - medicare, hospital insurance and post-secondary education.

COUNCIL ON MULTICULTURALISM

The Hon. Stanley Haidasz, Minister responsible for Multicultural policy, announced the first appointments to the Consultative Council on Multiculturalism.

The Council consists of a National Chairman, Julius

Koteles from Winnipeg; two Vice-Chairmen, Agathe Lacourciere Lacerte from Quebec City and Lino Magagna from Port Credit, Ontario. In addition, there are five regional chairmen from Nova Scotia, Quebec, Ontario, Alberta and British Columbia.

The full membership of the Council is drawn from every ethnic group in Canada and the minister will use the Council to improve his communications with these groups.

WESTERN CONFERENCE

Prime Minister Trudeau and the premiers of the four western provinces will hold their Conference on Western Economic Opportunities in Calgary, July 24, 25 and 26.

The Conference, the first of its kind in the history of Canadian federalism, will consider ways to broaden the economic and industrial base of Western Canada. Earlier

this month, Mr. Trudeau said the "Conference is another step that we are taking...in order to try to resolve the

kind of alienation which exists in the western part of this country."
